KIMBERLY-CLARK EMPLOYEES' CHARITY FUND NEEDS HELP

Membership in the Kimberly-Clark Employees'
 Charity Fund has declined from a high of 468 mem-
 bers in 1962 to a present total of 425. The percen-
 tage participation has declined in the same period
 from 84% to 81% and total contributions from \$6006
 to \$5773.

This decline is, of course, a result of people leav-
 ing the Company payroll for one reason or another.
 Many of them were very generous contributors--
 notably, an hourly paid employee who was donating
 \$10 per month.

The full effect of the reduced membership will not
 be felt until next year and unless this loss is made up
 by enrolling some of the 100 employees who are not
 members and by increased contributions from present
 members, an "across the board" reduction will have
 to be made in the 1965 budget. This, at a time when
 charitable organizations in the "service" field are
 trying to maintain their standards of service in the
 face of rising costs, organizations dedicated to the
 eradication of disease are in need of more funds for
 research, and the sick, hungry and homeless people
 in the world need help.

In the next few weeks the KC-ECF Board of Direc-
 tors will conduct a campaign to increase membership
 and contributions. All employees will be contacted
 either in person or by form letter and will be asked
 either to join or to consider increasing their con-
 tributions.

The 1964 Financial Statement appears elsewhere
 in this issue of the News. Look it over. Surely
 each of the sixteen organizations (Continued Page 4)
