INSURANCE PLAN PRESENTED TO COUNCIL

A group insurance plan for municipal employees was presented at the Tuesday meeting to Reeve J.P. Heenan and Councillors Cavanaugh, Brown, Thompson and Fraser by insurance representatives Bob A Adams and John Griffith. Council promised to study the brief, making recommendations to the incoming Council.

Minutes of the past regular meeting were approved and a Fire Report for the month of November showed a fire-free month, with regular practices of volunteers. A request for two fog nozzles was submitted by Fire Chief Hofland with the report. For the Police Department, Constables Warfield and Cuff noted a month with no problems of a serious nature, but with many enquiries on the newly-enforced Curfew.

R.T. Yates of Schreiber requested permission to operate a tractor in town for snow removal at garages and driveways. Councillor Brown will investigate present services, together with the new proposal.

An enquiry was submitted by J.P. Caccamo concerning the establishment of a Fourth Division Court. Reeve Heenan will pursue the enquiry with Mr. Caccamo. Mr. Caccamo further requested consideration with the snowblower this coming winter. Irreparable damage had been done to his fence by snow blown over it and, once encrusted, used as a pathway. Much had been done to rectify snow blowing methods, Councillor Brown reported.

The High School Board notified Council of the expiration of the term of office of their representative on the Board, Mr. A.W. Chisholm, and requested another appointment before the end of the year. Reeve Heenan instructed members of Council to submit names for this position at the forthcoming meeting.

Council was advised their application for an interim grant for this year's street work had been approved.

Central Canada Construction submitted their bill in the amount of \$903.48 as the town's portion for installation of poles and power line to the ski hill. This completed project had been previously covered in the budget. Expenses for the Senior First Aid Course came to \$49.50.

Mr. Glen Pearen of Circle Route Service Station submitted an application to run a bus to the Mill for the purpose only of transporting Mill employees. As he would not run in competition to the taxi and already had his licence from the Department of Transport, Council approved the issuing of this permit, with due notice to the Police Department.
