THE WAY TO KEEP CHRISTMAS (Continued from P. 2)

It is a family day. God was expressing his love to us children by creating a perfect family home from which His Love went forth to redeem a dark world.

The way to celebrate Christmas is also to make it a time of forgiveness. God, forgave the world and sent his son for its redemption.

The way to celebrate Christmas is to extend sympathy for human misery, poverty and suffering. Remember, Christ was born in a humble stable with a rude straw manger for a crib, with oxen attending and with humble shepherds to pay their tribute to the King. For the poor of the race, he sent the riches of his son.

Let this be a day of salvation, "For unto you this day is born a Saviour, Christ the Lord!

Rev. T. Garnett Husser.

CHRISTMAS PARTY NEWS

The annual Kimberly-Clark Christmas Party, held last Saturday at the High School, was again a full and happy day for the children.

Gifts, candy bags and a free movie, along with the opportunity to meet Santa Claus, provided over 800 youngsters with the spirit of the Christmas season.

Many thanks go to those who assisted with the programme, especially to the ladies, teenagers and old "St. Nick."

THE TOWNSHIP OF TERRACE BAY

The Reeve and Council of Terrace Bay extend warm holiday greetings to all residents of the Town. We hope that the festive season will bring happiness to every home, and that no fires or accidents will mar the holiday season.
