Did you take a walk or drive around the district during the holiday season? The effect created by the many beautiful lighting displays on homes and businesses was truly lovely. Judges in both Terrace Bay and Schreiber must have found it exceedingly difficult to make a decision on which was 'best.'

As we travelled from one block or crescent to another an outstanding exhibit just seen was forgotten in the ever changing displays before us.

Outstanding in Terrace Bay decorations were the Municipal Building--the Imperial Motel and the Terrace Bay Hotel and in Schreiber we particularly like that huge decorated tree outside the Town Hall.

Speaking of lighting - wouldn't it be attractive to have some permanent floodlighting on the location of the Community Church? Located on the highway as it is travellers can pass it in the dark during Spring and Summer without being aware of it.
