MINOR FASTBALL

All teams are in full swing for this season and we have 170 boys and 120 girls registered. All-star teams will be selected from both categories and will compete in the Minor Fastball Tournament on Thursday, July 8th, here in Terrace Bay. Other teams representing the North Shore will be - Manitouwadge, Marathon, Red Rock. This will be for the North Shore Minor Fastball Championships.

TEEN TOWN

From all speculations, this group is planning a large programme for this summer and one of the large events that they hope to stage is a sportsmen's dinner on Labour Day weekend. Plans are in progress to have several well-known sporting personalities for the event. Further details on this will be published just as soon as plans are finalized.

SENIOR FASTBALL

All three teams are playing in a close race for first place, and several outstanding games have been played by a close margin. From all indications this will be one of the better years for local fastballers. At a recent stag that they held there was a very disappointing crowd and the people who did turn out were not fastball players but supporters of this sport. Where were all the ball-players? The '63 Grey Cup film and the '64 Stanley Cup films were shown at the Stag and were well appreciated. It is hoped that these films will be shown later this week. A complete list of team standings will be published in the next edition. We have no scores from the games being played in Schreiber in the Inter-locking League.

One local team, the KENMACS, will be playing in a tournament at White River on Dominion Day, July 1st. This same team, with the addition of several other players, will begin workouts shortly for Junior Baseball. Several games have been lined up for the season, with the first game scheduled for Red Rock on July 23rd.

SUMMER PLAYGROUND PROGRAMME

Playground activities will start the first week of July. All activities will be carried on at the Main Ball Park, High School and the Arena. Several new activities will be added to the programme this summer and should prove to be very enjoyable to the youngsters. The playground leaders for this summer are--Jan McInnes, Darlene Larson and Marie Boudreau.
