CADETS - Continued from front page sixty-one schools in the Central Ontario area, with fifteen in the same category as Schreiber--strength of seventy-five or less. The award is based on regular inspections which are summed up at the end of each year in each category.

Capt. J.P.O. Saunders of Oakville, cadet training officer of the central Ontario area was here to make the formal presentation to C/Lieut. Boyd Drake, with the corps drawn smartly at attention. In his brief address Capt. Saunders said he could understand Schreiber's particular pride in winning the award since Lord Strathcona was one of those whose vision and determination had spanned Canada with a railroad. The trophy is a testimonial to his faith in Canada's youth, and his belief that the youth of any nation is its greatest resource. From cadet training, with its emphasis on physical fitness, the higher education which may be secured through it and the realization that team work can be the essence of success, as learned in the corps, it is hoped will come the responsible citizens of tomorrow.

Capt. Saunders complimented Major E.E. Forgues, school principal, and warmly commended Capt. Anthony Speziale, instructor, Lieuts. Drake and Ray Guillet, asst. instructor. Staff Serg. W.E. Walters of Fort William comes twice a month to inspect the corps and discuss its progress with the leaders. One of Schreiber High School's former cadets went on to Royal Roads and Royal Military College and now Capt. Allan Nelson is in charge of all military expenditures of Western Command. Capt.
