TO THE FINE PEOPLE OF TERRACE BAY AND SCHREIBER

On behalf of the Officers and Cadets of the Lakehead's combined Sea Cadet-Air Cadet Band which took part in your recent Snow Festival, I would like to take this opportunity to say a warm, sincere "Thank You" for your kind and generous hospitality which you afforded us during our short stay with you.

A special word of gratitude to those people who hosted our Cadets in their own homes. The enjoyment which we all shared on our visit with you was appropriately expressed by several of the boys before we had gone three miles on our return trim, when they unanimously agreed "That they hoped their next trip would be on a long weekend so they could stay another day!!"

We sincerely hope that our small contribution to your Festivities partially compensated for the trouble you all went to, to make this trip the most enjoyable one we have ever taken. I can assure you that we will strive to return the hospitality to your Cadets when they make a proposed trip to the Lakehead later this year. In closing I would like to suggest that you all "Get Behind" the officers and committee of your own Sea Cadet and newly formed Wrenette Corps and assist these people in making your corps one of which you can be justly proud.

We want to wish them success with the Band which they are proposing to start in the corps and nothing would be more pleasing for us to be able to include some of your cadets in our combined bands on some future occasion. We have offered to be of service in this project and hope that in the near future you will see your corps on parade with their own band. This will take a little financial and a lot of moral support which I am sure you are willing to give. There are few people who will not agree that any time or money spent on our teenagers, to make them better citizens, is one of the best investments we can make.

Once again thank you for your kind hospitality and wonderful reception and we sincerely hope we can return it very soon.

Lt. D.C. Oram,
