

See those giant wide doors? Handi-Van is easy to load and unload. Two curbside doors may be specified, and then there are a number of extra window combinations available.

Handi-Van can turn in a 35.5 foot circle. Lets you scoot out of packed traffic and deliver your goods where and when you promised.

Look at all the space. Handi-Van measures 211 cu. ft. inside. That will hold up to a ton of payload. Loadspace length from engine housing back is over 92 inches.

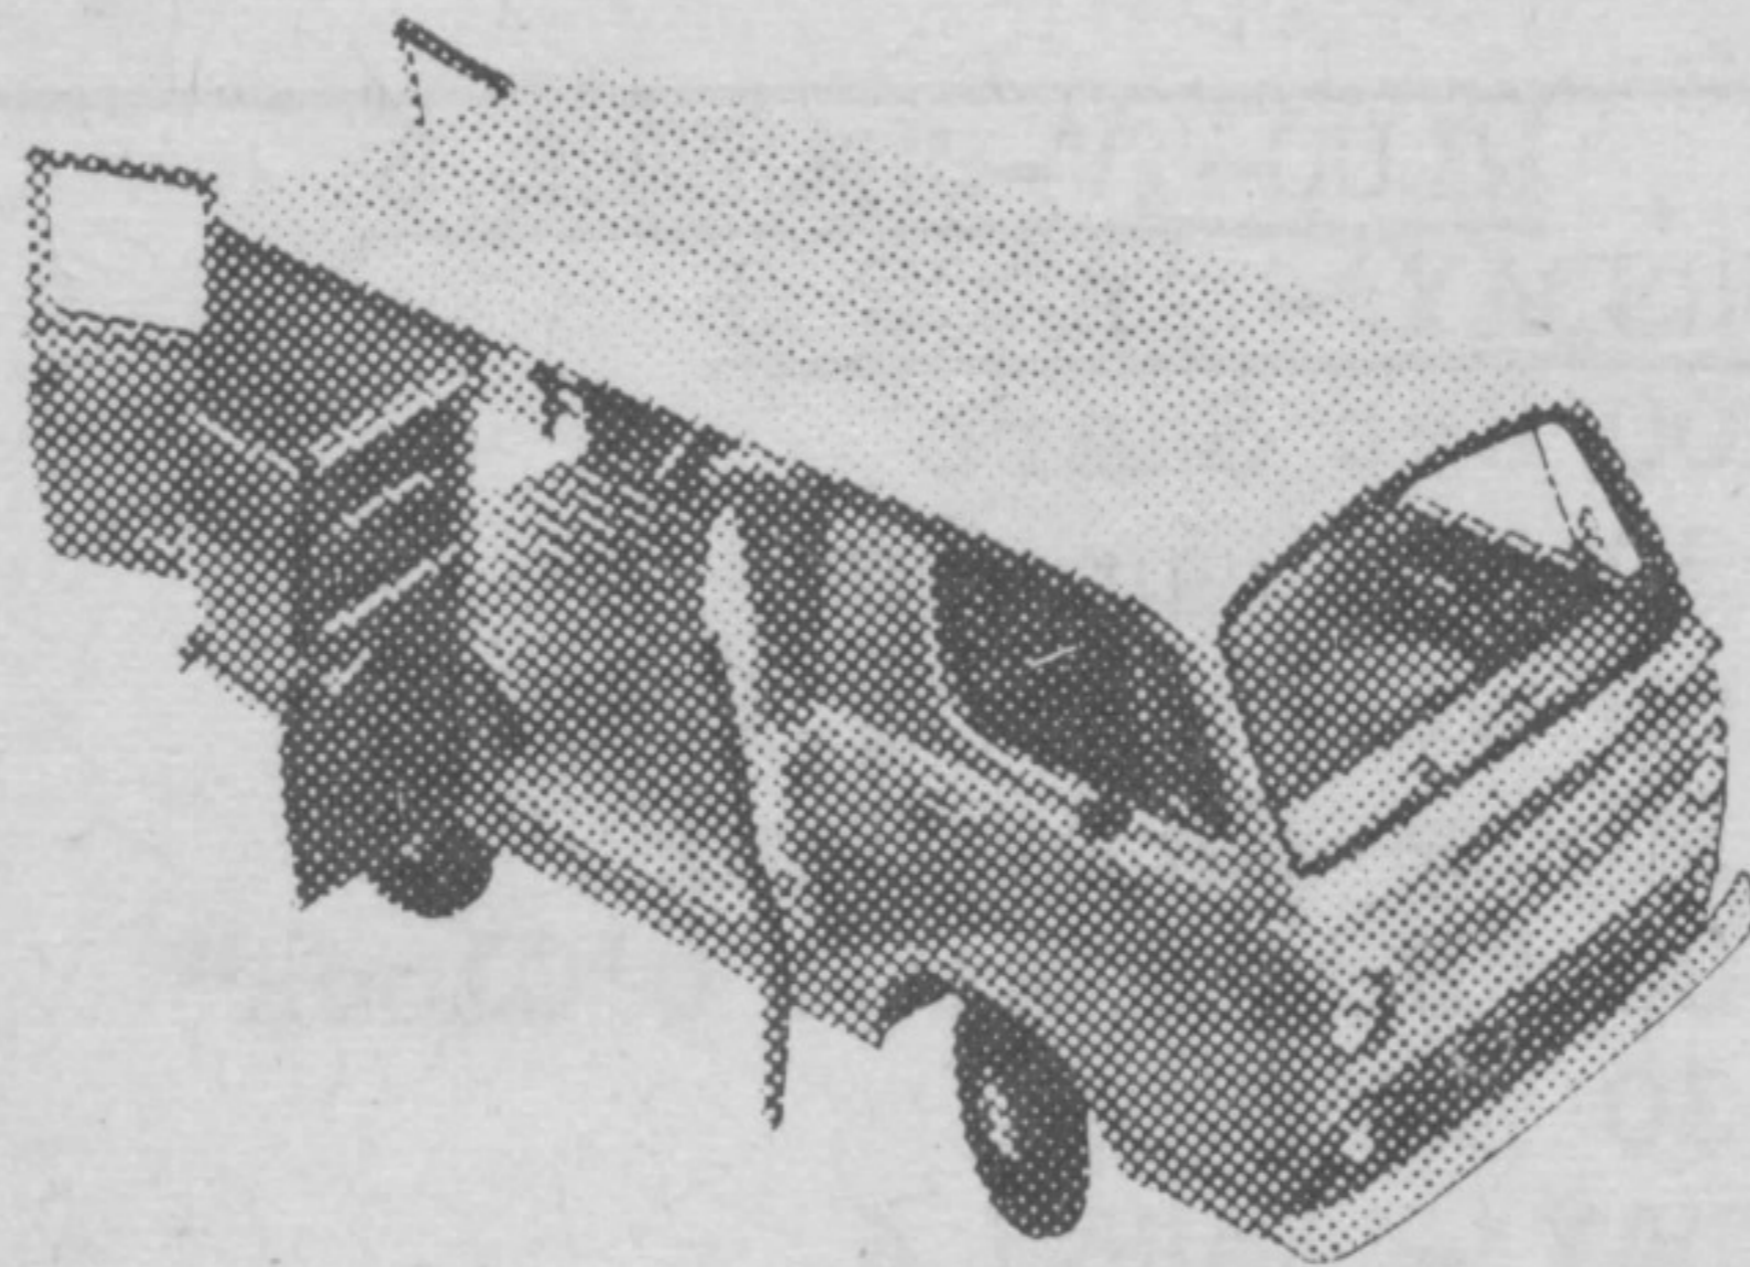

The engine is a 120-hp engineering gem. And if you want more muscle, you can specify a 140-hp workhorse. Powerglide is available too.

The metal floor is built to shrug off abuse from 'most any kind of load. In fact, it's a heavy duty floor at no extra cost.

Handi-Van's body and frame are unitized. And the heavy-gauge steel has extra resistance to corrosion, giving you longer service.

**You can see how great Handi-Van is from the back.
But the most important thing is on the front.**

It's that GMC nameplate that makes the difference. Not the plate itself of course, but what it represents. GMC has a reputation for Engineering Leadership. For instance: realizing most Handi-Vans would be city-operated and subject to road moisture and salt, GMC engineers started at the bottom. Sheet metal in exposed

areas is first galvanized, then covered with aluminum paint, phosphated... then, after all that, undercoated! No wonder Handi-Van stands up so well under the worst a Canadian winter has to offer. And no wonder GMC has earned that reputation for leadership. When you're thinking vans—think Handi-Van by GMC.

A FAREWELL & THANK YOU FROM ED ZIELKE

On leaving this area to make my home in B.C. I wish to thank my friends, neighbours and fellow workers in Terrace Bay, Schreiber and district for the trust they reposed in me over the years in placing their insurance business with me. The kindness

and courtesy I received will be remembered and appreciated.

Until my successor arrives I refer my customers to Co-operators Ins., 596 Memorial Avenue, Port Arthur - telephone Diamond 4-2441.
