COMMUNITY CENTRE BY-LAW GIVEN READINGS

Reeve Harness and full Council attended the regular meeting of Schreiber Town Council on April 13 when the By-Law for a Schreiber Community Centre was given the necessary three readings. The board for this will have seven members and will include two councillors and one woman.

An agreement for mutual assistance in emergency fire fighting was signed with the understanding that fire hose and men are the aids to be given by Schreiber. Orders for such assistance will come from the Fort William fire chief. Schreiber and Terrace Bay will continue their verbal agreement which has been most satisfactory during the past.

After some discussion it was agreed that since practically all organized charitable organizations regularly canvass the town Council for this year would not give grants to any cause since ratepayers are already contributing privately.

The Navy League were granted permission to canvass on May 14.

Mrs. L.R. McCuaig was appointed chairman for the Schreiber Centennial celebrations and Councillor R.B. Spadoni named to represent the town on the committee.

With some disagreement on the need for three homes for the aged in the district it was decided to send representation to the meeting which will consider the problem.

Insurance on the local Arena will be increased to \$50,000 on the building and \$45,000 on the contents. No tenders were received from local agents one stating that, in view of the fire hazard existing in such a public building, a special survey would have to be made before rates could be presented. In the meantime the present coverage will be maintained. R.B. Simon was awarded the insurance on town vehicles.

The Centennial grant to aid with the artificial ice plant was applied for.

Edward Borutski was appointed road superintendent for the town at a salary of \$5,672. The East Thunder Bay T.B. Association was granted use of the hall during the mass survey April 27 - May 2. A request from the high school board for a sidewalk in front of the school was tabled for further discussion.

Carl LeBlanc was present to ask that space in the Town Hall be given to a Men's Club--not a senior citizens' association. No decision was reached since various agreements will have to be made.

A meeting with the Library board will be arranged to persuade them to move to another location in the town hall.
