CONGRATULATIONS TO THE CITIZENS OF SCHREIBER.

The concrete floor was poured in the Arena Tues., Nov. 8 as part of the Centennial Project. This work was done by volunteer labour and anyone watching could not help but feel awe and wonder at the tremendous turnout and spirit of co-operation and enthusiasm during the entire day. You will be interested to know that you poured a little less than two hundred cubic yards of concrete, using a little more than thirteen hundred bags of cement, in a little over twelve hours. Special commendation should be reserved for the ladies who did the telephoning and worked at the refreshment booth, as well as to the students from all schools who responded in an outstanding manner and to the citizens of Terrace Bay who came and helped.
