

ROSSPORT NEWS (cont'd from Page 12)

Remaining teams received a consolation prize. A social evening was enjoyed in the club rooms.

Chief Lawrence Mushqush returned Sunday from Ottawa where he attended a conference held of Indian Chiefs of Ontario.

Oliver Foreman is a patient in McKellar hospital. Mrs. Foreman and Mrs. Brewer accompanied him to Fort William.

Mrs. R.F. Hutchison of Fort William visited her mother Mrs. E. Lawson of Schreiber this week.

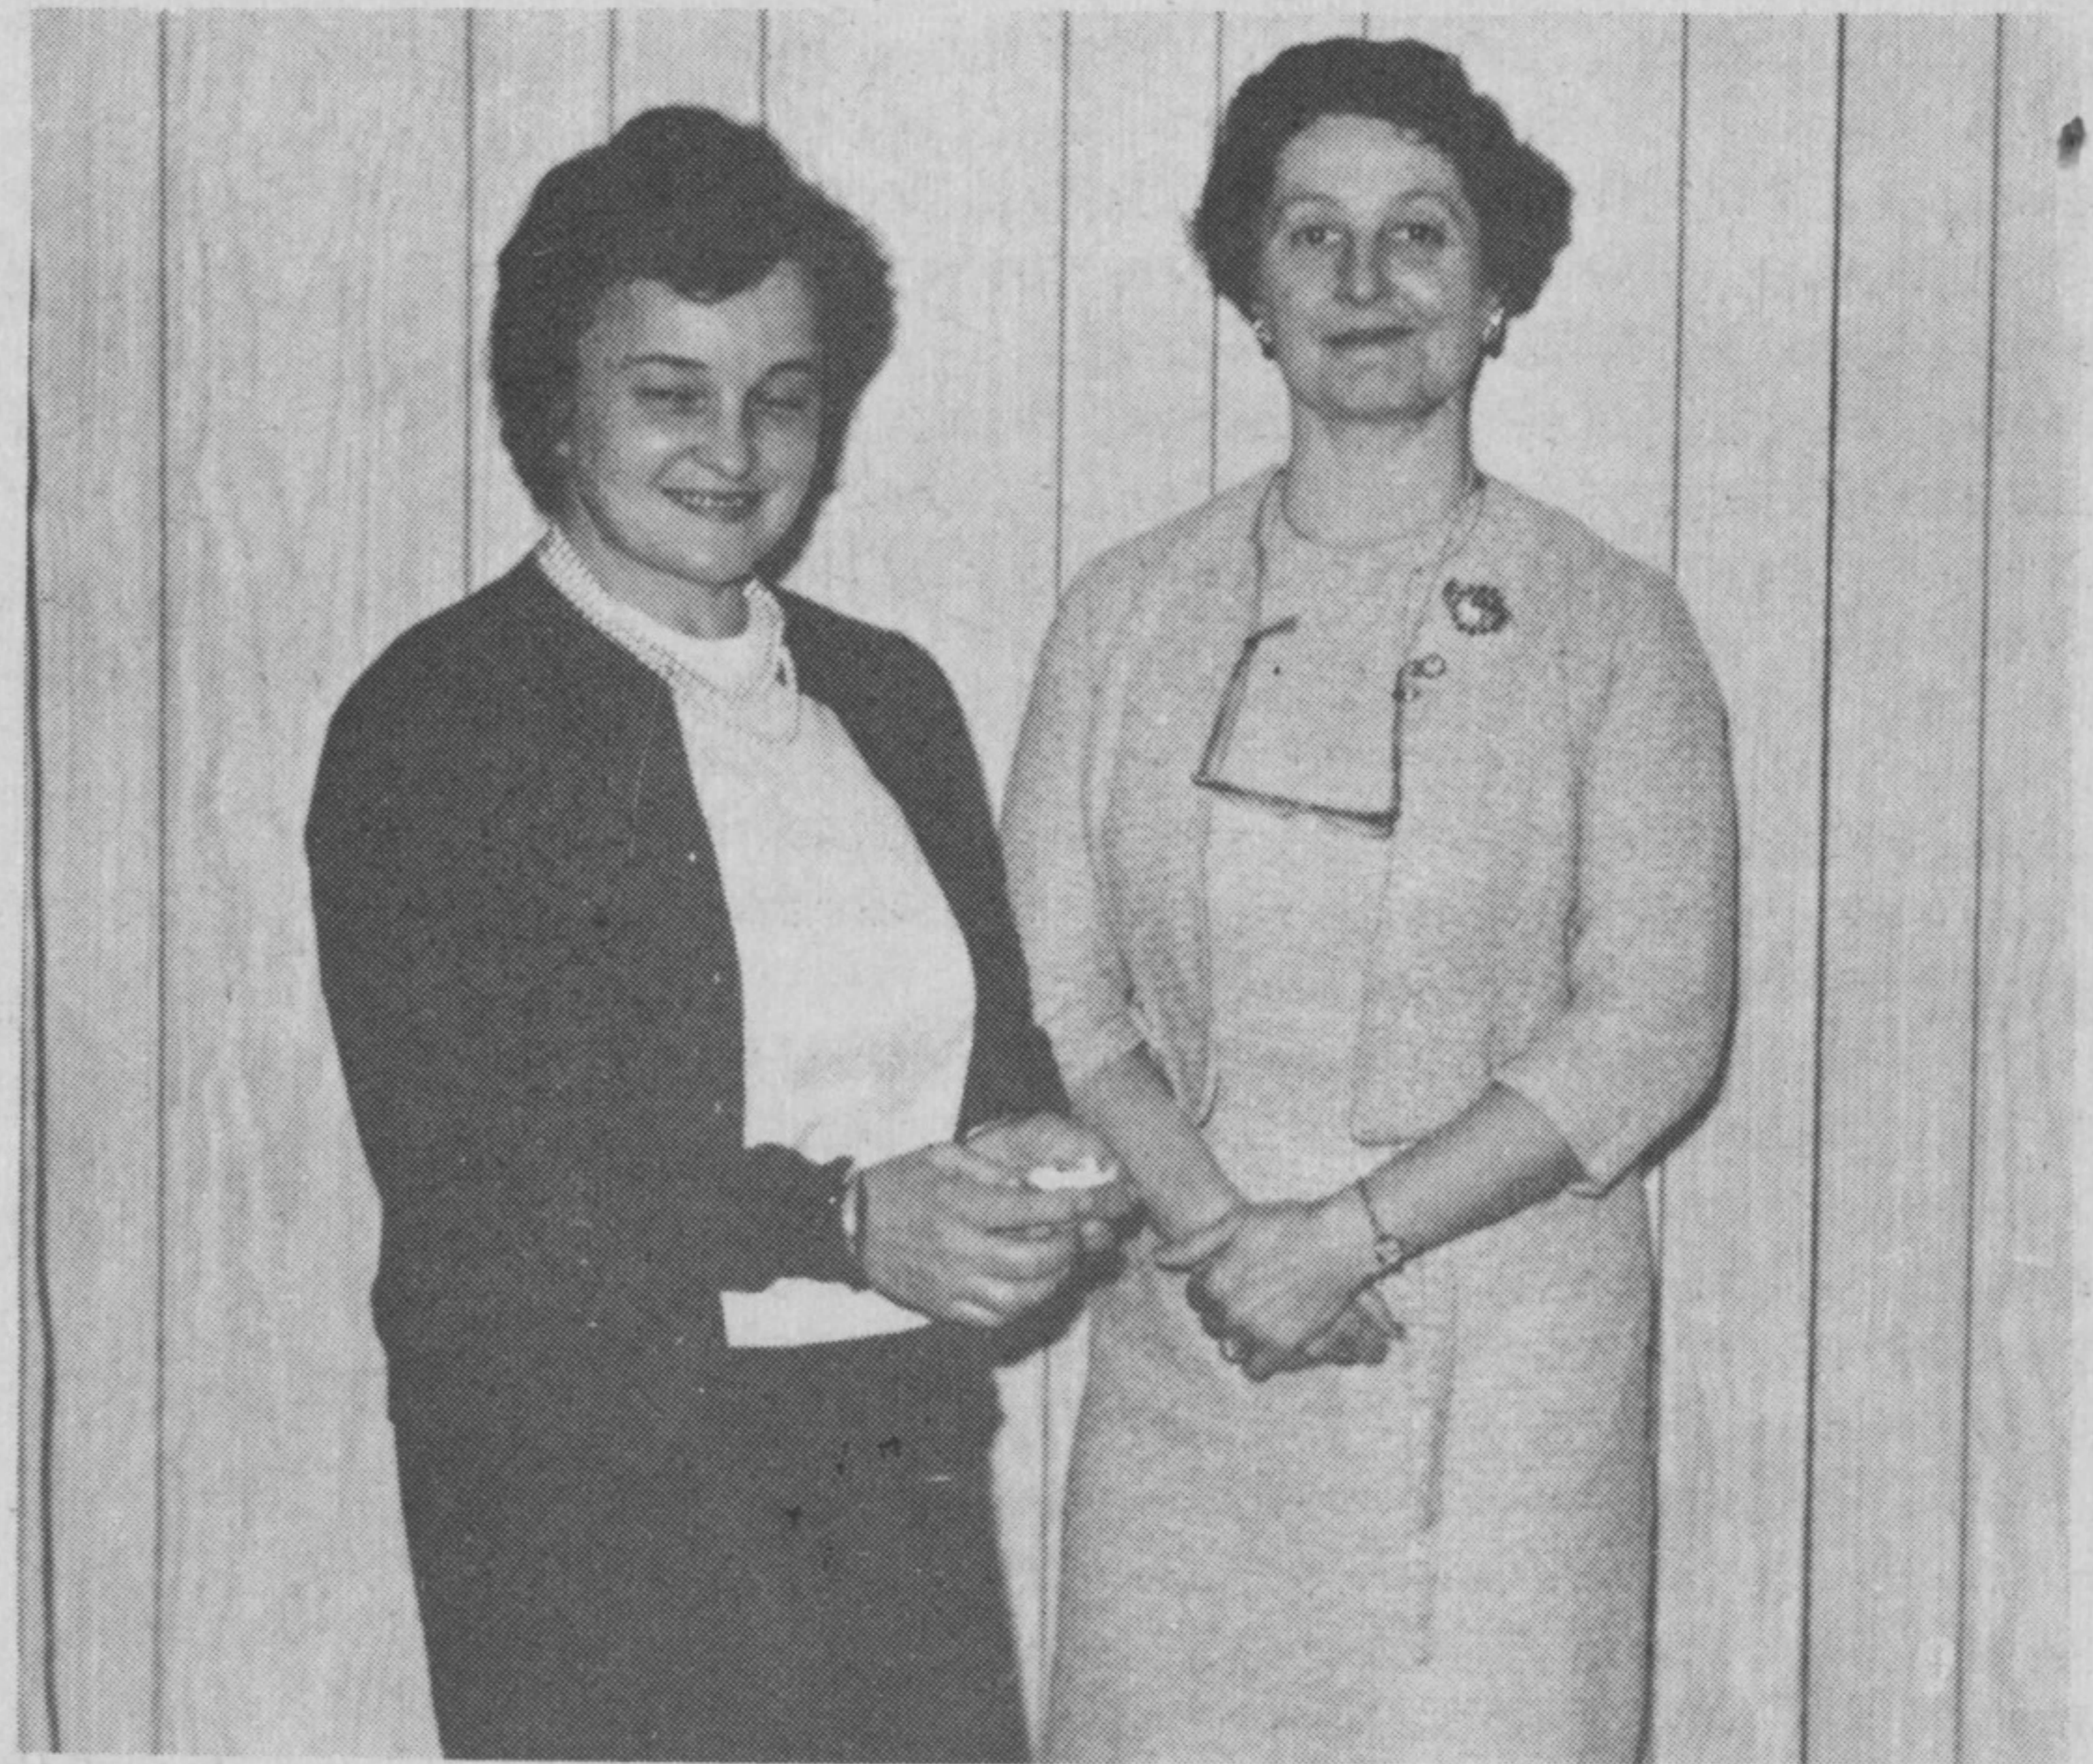

"This is our Centennial Project." says Helen Marie Malashewski, Judy Falzetta, Katherine Gorman, Joan Persson, Judy Chopty, Paulette Duquette and in front, Marlyn MacDonald. Actually it is only one of many Centennial Projects the Grade 7 and 8 students have planned. The first was a play honouring Sir John A. MacDonald and was presented before the Grade 6 and 7's on his birthday. A mural of "One Hundred Years of Progress" is in the planning. In June we are putting out our year book called "The Centennial Torch".

Grade 8 Proficiency Award Winners: Jimmy Corrigan, St. Martin's School and Wendy Evans-Smith, Public School.

LETTER TO COACHES

Dear Coach -- and Team-mate:

Yes, we said team-mate! As a minor hockey coach you are a member of a very large team of dedicated men from coast to coast. Like any member of any team, you want to do your share to make it a strong team and, as a minor hockey coach, you can do a lot!

Certainly, it's essential, and very desirable to teach your boys the fundamentals such as skating, passing, shooting and checking. Without these essential skills no team can succeed.

The team is also counting on your special effort to live up to the bigger responsibility of helping youngsters become men...good men, and good Canadian citizens. Here is a real challenge! Can we teach them to respect authority of the law, and respect for others? The rest of the hundreds of coaches on our team are counting on you, just as the kids count on you for leadership, guidance and a good example.

Hockey is fun. It's a game. Let's keep it that way for the boys who love to play. Is success only the matter of winning a championship? If you make it that way for your boys, you'll be letting the team down. As a coach you have a wonderful opportunity to teach boys that win or lose, the game of hockey is fun, and it is a very important means of teaching our young men some very important lessons in citizenship and sportsmanship. The rest of your team-mates all across this land are dedicating themselves to the vital task of keeping the fun in hockey.

....let's all adopt a special, personal Centennial project! A project in which each of us on the team will take a long look at our objectives in minor hockey. Having taken that long look, let's re-dedicate and re-double our efforts to be good coaches, and good examples for your Canadians who look to us for help.

We're glad to have you on the team of minor hockey coaches. this team can be a real winner. Instead of showing goals on our score-board, we'll be showing youngsters who have fun playing our national game, and who will also be better men and better citizens because you did your part.

Earl Dawson (Chairman) & Jack Christie (Secretary)
C.A.H.A. Minor Hockey Committee
