AUXILIARY MEETING (cont'd from Page 4)
 number of questions from the floor.

The winner for the Christmas Draw was Mrs. M. Hamann. The meeting adjourned and a lovely lunch was served by the members.

C.G.C. MEET

On Sunday, January 15, the Catholic Girl's Club met in the basement of St. Martin's Church. The meeting chaired by Lita Marie Boudreau, was opened with the Lord's Prayer. Reports were read by various convenors. The Spiritual Convenor suggested inviting the C.G.I.T. to a toboggan party. The idea was met with enthusiasm.

At the next meeting, Mrs. Chisholm will speak about physio-therapy and

a tea will follow. Friends who are interested in the subject will be invited by members.

The girls discussed changing the uniform, but the idea was voted out. There is a Valentine's Day Tea planned for February 11. The meeting closed with the Hail Mary and Father Gallagher's blessing.

Studded tires are permitted or tolerated on highways of every Canadian province, according to a survey by the CHSC. They say legislation passed by provincial governments during the past year has made studs legally acceptable. In four provinces, studs are limited to winter use. In most provinces, a driver may be charged if his studs damage the road. The CHSC supports the idea of studded tires as winter safety measures.
