

## AUTOMATED PROGRAM AT AUXILIARY MEETING.

The February meeting of the Community Church Ladies Auxiliary opened with a reading by President Stella Brown. June Schritt membership convenor, reported that 250 printed membership cards are now ready for distribution. Membership dues for 1967 are coming in well and it is hoped the March program would double as a membership drive.

Included in correspondence was a letter of thanks from the Canadian Mental Health Association and one from the Lakehead Arab Society. \$25. was donated to the new Church Library Committee to buy books wherever there is the greatest need, at present in the Children's Section. Two books presented to the library last fall are: "Who Has Seen The Wind?" and "Take These Hands."

Interest was shown in attendance at the Annual Presbyterial Meeting of the United Church Women to be held in Fort William on February 14. The proposed program includes five afternoon discussion groups, followed by an evening dinner at which the guest speaker will be a minister who has recently returned from the troubled areas of Zambia and Rhodesia. Anyone interested in attending is asked to contact Mrs. Charlotte Slomke.

A vote of thanks on behalf (continued on Page 4)

## If you're looking for a place to start on home improvements, consider these facts about electric wiring.

To most people, home improvements mean a panelled recreation room or a shiny new set of kitchen cupboards. But there's a way to improve the improvements: modernize your home wiring first.

Up-to-date wiring lets you make the most of the new room you're building, or the old one you're re-styling. It lets you place your lighting wherever you like, have as many electrical outlets as you choose, and use as many appliances as you need without popping fuses.

In fact, you'll notice pleasant changes all through your home. Modern wiring can improve the efficiency of your light-

ing and the performance of your appliances. It puts such comforts as electric heating and air conditioning well within your reach. It can also make a big difference to the safety and re-sale value of your home. Before you reach for your toolbox, reach for your telephone. Call a qualified electrical contractor, or your Hydro.

Up-to-date wiring costs less than you may think. Yet it could be your most important home improvement of all.
