Councillor Desrosier who pointed out that using sand for this purpose entirely throughout the winter months would increase the costs to the taxpayers by about \$3,000. per year. Complaints are also received when sand is used as it is mixed with salt which housewives claim track into their homes. Sand is used however, in milder weather.

Councillor Caccamo again raised the question re having driver tests given in Terrace Bay at least on an alternating basis with Schreiber. Township Clerk Hanley will make inquiries.
