

SCHREIBER NEWS

The new library board, appointed by municipal council, was announced at the regular meeting of the board on March 4: H.M.Ermel, Miss Gwen Hadley, Mrs. W.W.Wilkes, Mrs. D'Arcy McGuire, and Mrs. Lester McCuaig.

The board will appoint a subsidiary committee as advisory members.

Following a vote of appreciation for their years' service in offices of chairman and secretary treasurer Mr.Ermel and Miss Hadley were elected again to fill this position.

A new Centennial banner was accepted to be placed in the library. Miss Hadley reported 135 books (new) have been moving rapidly.

Mrs. A.Hill was appointed librarian at the same salary as last year. The former bulletin board was donated to the Girl Guides. One thousand book pockets were ordered with library rules imprinted on them. Envelopes to set up a vertical filing system were also ordered. An index table was selected and chairs to be used with it and quotations asked.

The index table will be of advantage to students doing research.

The first Saturday of the month was set as regular meeting day.

An interesting letter with a compliment to the library on its selection of books, was received from a man in Chibougamu, Quebec. J.T.Flanagan stated he had, while mining in the area thirteen years ago, become a member of the library and particularly enjoyed the non-fiction collection and he would appreciate knowing the author of a book from Russia which he had read.

Membership in the Canadian Centennial Library was taken.

David Nesbitt has entered Winnipeg General Hospital for surgery.

W.T.(Nim) Wallace returned home following a long stay in Port Arthur General Hospital.

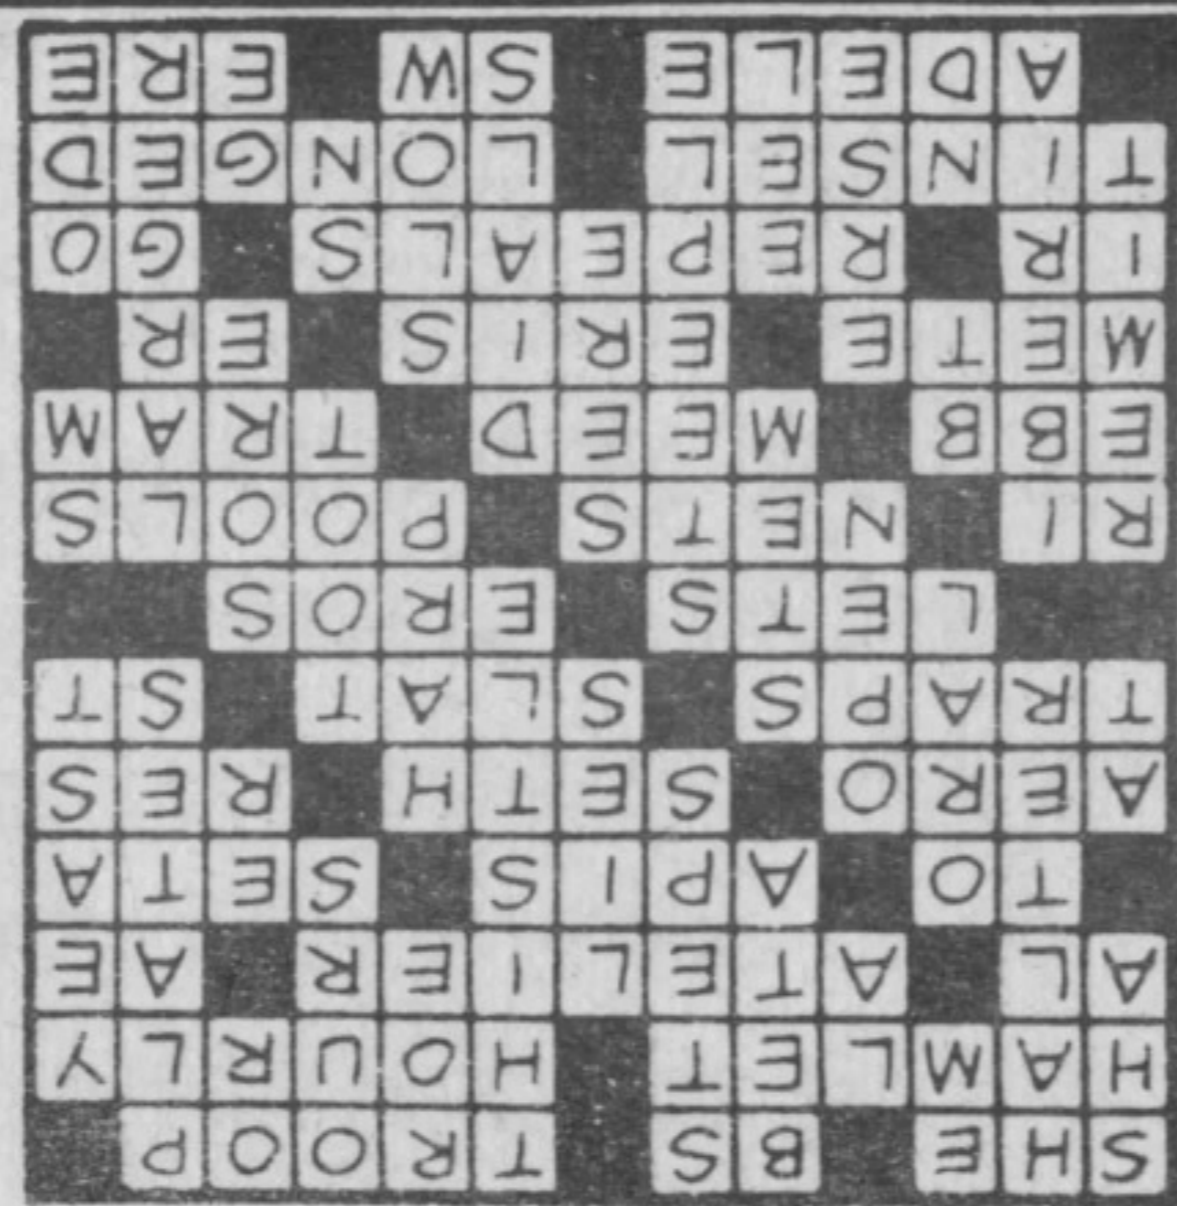

The Centennial Committee will hold a regular meeting March 12 at 8 p.m. in the high school. Interested citizens are invited.

fashion news BY NANCY GAYLORD

FASHION CONSULTANT TO THE 160 SINGER CENTERS IN CANADA.

Leather leads a glamorous night-life this Winter. No longer restricted to the casual, suedes and leathers burst forth with beautiful surprises: Birthday-pink suede curved into a skimmy shape, all bedazzled at neck and hem with silvery sequin frosting; Buttery-soft lavender suede in a romantic sweep of evening skirt, it's glamorous partner - a man-tailored shirt of delphinium satin; Silvery kid, as supple as silk, shaped to a sliver. Anything wool, cotton or silk can do, leather is doing... NOW! The clever seamstress can buy "skins" and sew her own leather fashions.

Co-ordinates are in; Separates are out. So, increase your wardrobe in pairs that do wonderful things for each other. Sewing slacks? Buy fabric for a team-mate jacket, at the same time. A new skirt on your shopping list? Choose a co-ordinate sweater in the same store. Saves time and mistakes!

To press darts smoothly, first press the fold to the tip of

the dart by holding as you would for stitching. Open up the fabric and pull slightly as you press the dart in the correct direction. Horizontal darts are usually pressed towards the waistline and vertical darts are pressed towards the centre front or back.

Total cost of accessories should equal the cost of your ensemble. Cheaper accessories will detract. So, if your suit cost \$50., the total cost of shoes, handbag, hat and gloves to co-ordinate should be about \$50. This is a good reminder when you choose between a suit that coordinates with present accessories and one that requires new ones.

Just for fun are the mad mod fakes. They're cuddly as a lamb, yet wilder than any tiger, in outrageous shades including marigold, cerise, apple and scarlet. Buy by-the-yard to collar a coat or line it completely, to helmet your head in, to pop over slacks après-ski, or to wrap into a cuddly robe.
