Vol. 10 No. 13

Serving The District

March 23, 1967

## STUDENT EMPLOYMENT

In a recent article in this paper regarding the Jack-ladder conversion, it was reported that summer employment opportunities for students will be considerably reduced from last year. It is suggested that local students, interested in summer employment at the mill, contact the Employment Office before April 15th to confirm their availability. Students will not normally be hired before they attain age 18, and since there will not be job openings for all eligible students, preference will be given to those from this area who are continuing their education beyond the High School level.

There is one thing that no one can deny about this part of Ontario and that is, that the winters are long and cold.

Figures recently released by the Ontario Department of Lands & Forests for this district indicates that compared with 1965, the months of November and December, 1966 were much colder. There were 31 days when the temperature fell below the zero mark as compared to 10 days in 1965.

However, January was a much warmer month this year; (continued on Page 7)

## POSTAGE RATES TO BE INCREASED

Interim adjustments to a number of postage rates, which will go into effect on June 1st and October 1st, 1967, were announced on March 13 by Postmaster General, Jean-Pierre Cote. He pointed out that the changes did not affect first class mail, but added that as the study of postage rates continued, other adjustments would be necessary to firm up the whole postage rate structure.

Free parcel post insurance which has been available for indemnity up to \$50.00 will be discontinued on October 1st. The new insurance rates will be 10¢ for a \$10.00 coverage, 20¢ for coverage from \$10.00 to \$50.00, and 30¢ for coverage from \$50.00 to \$100.00.

Also on October 1st, a new single C.O.D. service charge will cover all aspects of a C.O.D. transaction (collection, remittance and insurance). Fees will be 50¢ when the amount to be collected is less than \$10.00, and \$1.00 when the amount to be collected is between \$10.00 and \$100.00.
