EXCEPTIONAL PERSONAL SAFETY RECORD

An extraordinary individual safety record was celebrated at Kimberly-Clark of Canada paper mill in St. Catharines, Ontario, recently.

Norman Chivers, a paper machine tender, completed forty-eight years of service without ever having encountered a disabling injury.

It is estimated that Mr. Chivers has worked well over 100,000 hours in establishing his own personal safety run.

This long-time employee of the paper industry continues active and is looking forward to setting a good safety example for some time yet for the younger men coming into the mill.

(This news release was supplied by the Ontario Pulp & Paper Makers Safety Association.)

ELMER SAFETY CONTEST OVER FOR THIS YEAR

The Elmer Safety Contest conducted through the co-operation of the Ontario Safety League and the News is over for this year and while we regret that there were not more winners in our district we congratulate Lorraine Dobush of Terrace Bay who won a kit on contest #3 and thank all who entered.
