KANGAROO COURT HELD BY STUDENTS

A lively show was presented by the high school kangaroo court this year with some fifty-eight freshmen sentenced for imaginary crimes, some of the accusations bring roars of laughter from the assembled student body.

Judge, Greg. Morrill and the jury each held a threatening device of one sort or another.

Hilarious moments were when a girl sentenced to be be-headed lying her head on a chopping block with axe hovering over her, let out a horrifying scream as the curtain was drawn. A life-like bloody head was then hurled through the curtain. Secondly, D'Arcy Furlonger made an impressive "Magoo" and being ordered to shoot another prisoner, shot at his fellow-jurors and audience, before falling into a tub of water. Blank shots off stage added to the excitement.
