ROSSPORT SCHOOL CONCERT

Parents and friends attended the annual Christmas Concert presented by the teacher, Mrs. M. Matchett and her pupils in the School Community Hall. The dialogue, "Junior's Christmas Dime" was thirty minutes of pleasant entertainment. The program opened with the singing of "O Canada", and Christmas Carols. Wayne Spencer, Maxine Hubelit, Agnes Mushqush, Brenda Spencer, Patsey Gerow and the Spencer family, sang several songs. The junior grades presented an action song, and the intermediate pupils gave a Choral Reading. Leona Goodchild gave the opening and closing recitations. Other recitations were given by Cathy Gerow, Albert Ray, Alice Bouchard and Brenda Spencer. Chairman for the entertainment was Eugene Gerow. Santa arrived to distribute treats and gifts.

Eugene Legault was elected to the school board of trustees to serve for one year, and Mrs. Joyce Yandon was elected for a three year term at the annual ratepayers meeting held Wednesday evening in the School. Trustees on the board as well as the above mentioned are Mrs. A. Todesco. Secretary Treasurer for the past term was Mrs. K. Paulmert and this position will be finalized at the first Board meeting in January.

Ratepayers heard the minutes of the last annual meetings, school board's and secretary's reports. A discussion was held regarding dogs running at large on private property and making a regular nuisance

of themselves. It was decided to ask the proper authorities for information on the problem since this is an unorganized township. The ratepayers present discussed the possibility of this school being closed and all present were against such a move. It was noted that a district assessor has been appointed to assume his duties on January 1st, 1968, and that the Department of Municipal Affairs will assume all costs of making the assessment. How this will affect the assessment in the village is not presently known. Transportation for high school pupils to Schreiber was questioned but they had no information on this subject at present. It was noted that one student is being re-imbursed for room and board at a Lakehead Technical School this term on a trial bases. A percentage of this expenditure is returned to the board and the balance absorbed by the ratepayers. This assistance is at an experimental stage and if the board finds it too much of a strain on the budget it might be discontinued.

Doug Hunt presided nominations with Mrs. Tom Yandon acting secretary. Mrs. Todesco thanked all who turned out to make the meeting a success and extended the compliments of the Season.

Mr. and Mrs. D. Bennitz had their daughter Carol and her fiancée, Terry Douglas with them at Xmas.
