Who thinks up new wrinkles for getting rid of old ones, in slacks and sheets and fabrics of all kinds?

Nothing is perfect. This fact has helped Dominion Textile become a leader in the Canadian textile industry. Because it means there must be ways to improve almost every fabric. Dominion Textile is constantly searching for these ways.

And finding quite a few of them. Slacks that keep the press in and the creases out. Sheets you never have to iron.

New and better techniques, new and better ways of doing things, new and better fabrics. From Tex-Made, the fabric people.
