SKI CLUB NEWS

Guess what skiers! There are better and safer ways to ski than bombing straight down the hill and ending up a crumpled tangle of skis and poles at the bottom of the slope.

Everybody, learn how to improve your skiing. Lessons start at the hill Saturday, January 20th at 10 a.m. sharp and are FREE to Ski Club members of all ages and abilities. Head instructor Bernie Baeckmann and his trained staff will be on hand to teach you to make those beautiful turns you've always dreamed about. Those who have never skied before are especially welcome. You will be taught the correct way from the ground up.

Eleven club members benefitted from a Ski Instructor's Course held at the hill last Saturday and Sunday. The course was given by Terry Axelson of the Can. Ski Instruction Alliance and covered all phases of skiing, with special emphasis on the instruction of each particular phase of the training of a skier. Those taking part were given several opportunities to instruct the class themselves. Attending were Joan and Jane Persson, Samuel Harris, Stan and Bill Megraw, Bob Page, Ken Makela, Lyle Nicol, Bob Hopper, Charlie Wise, and Club Instructor B. Baeckmann. These skiers will be instructing at regular Club instruction sessions and passing on the knowledge they have gained from this course.

Reminder: If you have not purchased your membership by January 28 you will have to pay non-member tow rates and you will not be eligible for club instruction courses. Join now!
