CONFEDERATION COLLEGE PRESIDENT VISITS TERRACE BAY

Kimberly-Clark, Terrace Bay, was honoured by a visit from Air Vice-Marshal D.A.R. Bradshaw, President of the Confederation College of Applied Arts and Technology at the Lakehead. Mr. Bradshaw was guest speaker at a dinner held in the Terrace Bay Motor Hotel on Thursday evening, February 29th.

During the address, Mr. Bradshaw related the development of Confederation College to date, plans for the immediate future, and courses available now and projected.

Air Vice-Marshal Bradshaw, a graduate of the Royal Military College of Canada, spent nearly twenty years in all elements of training and education in the Air Force. During a three year period, he was Commandant of the Royal Military College at Kingston. It was while he was Commandant, that negotiations took place culminating in the granting of a charter to the College by the Government of the Province of Ontario to confer degrees in Arts, Science or Engineering to the graduates.

The Air Vice-Marshal's distinguished Air Force career extended over a period of 31 years. It included wartime service as a Squadron Commander in Europe as Director of Air Operations at Air Force Headquarters, Deputy for Operations in the Northern Norad Region and latterly as Chief of Staff and then Air Officer Commanding No. 1 Air Division, R.C.A.F., Europe, with headquarters in Metz.

Two Terrace Bay men serve Confederation College in important capacities. J.A. Ferrier, Kimberly-Clark's Mill Manager is a member of the Board of Governors; and W.J. Farrell, Plant Engineer, is Chairman of the Advisory Committee on Technicians for the Pulp and Paper Industry.
