MORE SPACE NEEDED FOR LIBRARY

At the March meeting of the public library board it was reported by librarian Mrs. Andrea Hill that the additional open hours for research only have been much appreciated and well-used. Books in the research section must be used on the premises and not borrowed, since the number is limited.

Accounts amounting to \$1,270.00 were passed for payment. A computer number, to be used in ordering books, has been received from the Co-operative Book Centre. A wire bookstand with adjustable shelves and capacity for 500 paperbacks, or the equivalent booklets was ordered.

A.G. Pepper explained the delay in delivery of readers' cards and the bound copies of Natural Geographic Magazines.

Mrs. Hill was given permission to re-arrange shelves, but the need for more space is urgent, and the board were pleased that municipal council is considering ways of supplying this.

Mrs. Rita McGrath was appointed by town council to fill the vacancy on the board. Books were selected from catalogues and from the travelling display brought by the Regional Library.
