CLEAN-UP OF KIMBERLY CLARK PULP & PAPER CO. LTD PROPERTIES.

In the interest of cleanliness and spring clean-up, Kimberly Clark Pulp and Paper Co. Ltd., will put on a drive the week of May 13th, to pick up all loose materials that is now dumped behind homes on Kimberly-Clark property.

All home owners and tenants, who have items of value in these areas, should remove them before the drive starts. There will be no sorting as the crews move along. This is not an invitation for disposable materials to be thrown over back fences. Anyone who wishes to get rid of junk or refuse, is requested to put said junk or refuse in front of their houses for easy pickup.

SKI CLUB HOUSE DESTROYED BY FIRE!

Fire of unknown origin destroyed the Club House at the ski hill early Tuesday morning. Noticed first by Constable J. Doyle shortly after midnight, the flames had already ignited the exterior wall of the Club House, fed by birch bark on a wood pile near the building. (Cont'd next column)

Hampered by lack of water supply in the area, volunteer fire fighters were unable to contain the blaze. No estimate of actual loss is available, but it is known that ski equipment and a snow machine were stored in the building.

RECREATION BRIEFS - by David Courtemanche

Minor Hockey Executive - 1968-69

Openings are still available for those interested in holding office on the Minor Hockey executive for next season. Both men and women may apply. It is not necessary to have a hockey background to sit on the executive - just your interest and enthusiasm. Contact the Nominating Committee Chairman (Jim Beddard) or the Recreation Office (3542) if you wish to submit your name.

Softball Registrations - We have received approximately 175 registrations from boys and girls who wish to play softball this year. We are still in need of coaches and umpires for these teams, and if you can possibly help us, call the Recreation Office (3542) right away. Softball teams will be scheduled for play after dinner hours from Mondays to Fridays, (Cont'd on page 7)
