LIBERALS AND PROSPECTIVE LIBERALS

History is about to be made in Canada. A Trudeau Government will give us a much over-due Canadian Image and sense of purpose for our younger generation. Let us then have a part in this historic event by getting personally involved.

A meeting to elect a local Association and make plans for the coming Election will be held in the small meeting room of the Recreation Centre on Friday, May 17th at 8 p.m. Ladies are especially invited. Refreshments will be served.

THE OUT-HOUSE

On Sunday, May 5th, two youth advisors from Youth Incorporated in the Lakehead came to Terrace Bay to assist with the planning of our new teen room. A discussion took place at the Recreation Centre with a small minority of teenagers. After three hours, we decided to call the teen room THE OUT-HOUSE.

In one week, the old teen room that everybody was disgraced with was transformed into a bright, colorful out-house.

Because too many cooks spoil the broth (and nobody offered to help), only a few hard-working teenagers helped with this transformation. The kids would especially like to thank Mr. J. Graham for donating paint.

The official opening for THE OUT-HOUSE is set for June 14th at 8 o'clock. The teenagers are inviting the parents for Open House on the given date. We hope the adults of Terrace Bay will give us the recognition and respect we deserve.

CARD OF THANKS - I would like to thank the executive, captains, canvassers and donors who helped in a very tangible way to make the Schreiber Cancer Campaign a success.

Special thanks to Mrs. Ibey, who so willingly canvasses the town of Rosspoint each year.

SECOND-MILER IN BIG TOWN

HE WAS NOT A YOUNG MAN. In fact it happened to be his 85th birthday.

After a lonely and tiring wait in the clinic of a hospital, he remembered, as he left the building, his promise to bring home some tubes of oil paint. Fearing to face a walk that might be long and uphill, he wondered which way he should turn to get to the stores by the least tiring route. He asked a stranger who was about to enter the hospital. "Can you afford a taxi?" asked the stranger. "My advice is to walk up to the next intersection and make inquiries there. Then if there isn't a convenient bus, you'd better take a taxi."

The old man, feeling better by this time, strolled up the street. He wore a jaunty but dated hat, and carried a walking stick without affectation.

He had been walking a while when a car pulled up beside him. Out of the driver's seat stepped the stranger, with an invitation to "get in and we'll go and find that art shop." His wife made room on the front seat.

On being thanked and complimented on his memory, the stranger replied, "Oh, as I drove up the street I said to my wife, 'Watch out for a tall man with a rakish hat and a walking stick.'"
