SERVING THE DISTRICT

AUGUST 29, 1968

SALUTE

LABOR DAY Sept. 2

The Canadian Way of Life

Everything in our day-by-day world, the comfort-filled homes we live in, the dynamic cars we drive, the diversified tools we employ, the forward looking missiles of our defense, the conversion of our forests into usable finished products - all are end-products created by the Canadian working man and woman. They are vital facts in the Canadian Way of Life. To all of Labour, the backbone of our Nation's prosperity, we give our sincerest salute and thanks.
