Through some children hearing cries for help from Quarry Island on Saturday evening, Mac Hubelit and Jack Spillettt rescued Bob Williams and companion of Terrace Bay. The motor of their boat conked out and they had lost the oars in the high waters which caused the boat to drift on the shores of the island. They had climbed to the highest peak of the

of the island and called for help. It was fortunate that a South wind was blowing and that the Spencer boys were outdoors and heard the cries. Fog was drifting which was a handicap in locating the exact location of the men. Provincial police J. Wills assisted in locating and bringing the men to town and saving their boat from destruction.

Plans were made for a penny auction and bingo to be held when members of St. Berchman's Altar Society met Thursday evening at the home of Mrs. C.W. Todesco. The president, Mrs. E. Gerow led in the opening prayers and welcomed the members in the beginning of the fall meetings. The secretary, Mrs. H. Legault, read the minutes and correspondence. A satisfactory financial statement was presented by the Treasurer, Mrs. F. Legault. The date for the Bingo was set for the last Friday of the month with all prizes to be cash. The secretary was instructed to purchase articles suitable for a penny auction and the members offered to make novelties for some. It was noted that some flowering shrubs which had been guaranteed to flourish annually without being protected during the winter months, were not growing at the church. It was decided to notify the nursery and have their recommendation on improving the growth of the plants. Following adjournment, the hostess served luncheon and a social hour was had.

SCHOOL BOARD SETS RULES

School Board members of Rossport held a special meeting to discuss matters pertaining to the opening of the fall school term. It was decided to transport grades seven and eight to Schreiber Public School and lessen the burden of the teacher here, making it more or less a Primary School. Existing accounts were passed for payment and a report read on the water supply. Mac Hubelit will transport the students to Schreiber. A discussion was had on roof repairs. Information on the roofing mixes will be obtained. A report was studied regarding the formation of the regional board which takes over in January. It is the consensus of Rossport that all school sections should be recognized and that at least one member from each community be on this board, not just let the larger communities elect members on this board. The board decided to send letters to parents re their rules pertaining to use of the school grounds and that school doors will open at 8.50 a.m., 12.50 at noon. There is no need for children to be at school before these times,
