YOUNG P.C.'S TO TOUR NORTHERN ONTARIO

A week long Youth Involvement Tour scheduled to visit eleven Northwestern Ontario communities will be launched by the Ontario Young Progressive Conservatives on Sunday, September 27th, 1968.

The three man tour force will be headed by Ed Kowal (Toronto), President of the Ontario YPC's and will cover 2,800 miles. Communities to be visited are: Dryden, Kenora, Fort Frances, Atikokan, Fort William, Port Arthur, Red Rock, Nipigon, Schreiber Terrace Bay, Marathon, including a meeting on the campus of Lakehead University. At each meeting the tour group will discuss: the value of involving young people in Politics; the building of a successful YPC Club; why and how the Progressive Conservative Party listens to the Voice of Youth. Thursday, September 26th (Schreiber & Terrace Bay) evening.

Why Play Badminton? (Cont'd from front page)

the shuttle 400 times. Of these 400 strokes, 150 would be full arm swings of a racquet whose weight is anywhere from 3.7 to 5 ounces (that is more than many major league pitchers would throw in the course of a complete game). For good play, one should be and needs to be in good physical condition.

Badminton is one of the few sports which requires so much concentration. During the course of a three set tennis match, the ball is not in play more than eight per cent of the time. In football, a game thought so vigorous, the ball is not in actual play much more than fourteen minutes of the two hours or more that the players spend on the field.

On the average, a man's game is much more energetic than a woman's game as is the case in a wide range of sports. In games among top calibre players that shuttle is in play over 50 per cent of the total game!

Doubles and mixed doubles games provide a striking contrast to singles. The game becomes rather choppy and the pace is quickened as the shuttle is continually being "cut off". It provides very intense excitement for spectators. It is a game suitable for Canadian weather, played by young & old alike.
