DATED THIS 16TH DAY OF OCTOBER, 1968

LADIES AUXILIARY TO GIRL GUIDES & BROWNIES

At the September meeting of the ladies auxiliary of the Girl Guides and Brownies, held in the Community Church on September 23rd, the minutes were read and adopted. The treasurers report was read and the books audited and are now ready for inspection. Convenors reports were given and the following brought to the attention of those present - two new uniforms will need to be purchased; also, Guides cannot choose their own testers in the future.

The Nominating Committee will bring in a new slate of officers in the October meeting. Mrs. Dodie Bougie donated an outdoor toaster to the Guides. Thank-you cards were to be sent out.

The meeting was then adjourned and a light lunch served.

An entirely new type of speedometer which shows your speed on the windshield may soon have a testing in Canada. How the new idea works is relatively simple. The dashboard speedometer will reflect your speed reading upwards onto the windshield glass so that the figures of say 30-41-65 or whatever it may be before your eyes . . . and saves your eyes coming off the road to look down at the dashboard.
