Terrace Bay Boys Volleyball team cont'd from pg 13

STUDENT'S VIEW OF CONSTRUCTION

Most of the students of Terrace Bay High School are glad to see the construction of the school progressing so well.

We have many reasons why we would like to see the building finished soon, the main reason being the need for more room. The Science, Technology and

Trades and Occupation students would like to move into their shops, some students would like to move into the new and larger library while others would like to move into new lockers as they are sharing storage space.

Some seniors look at the expansion with mixed emotions, remembering the old school of their junior years but also looking at the new one through eyes of progress and betterment.

Without exceptions, we're all looking forward to the opening of the expansion.

Jack Cruickshank

See photo of girls' volleyball team on page 14 and photos of school construction on page 19.

When two friends have an argument, I always seem to meet the one that's right.
