J. CACCAMO

**FIELD TRIP FOR 12B**

On October 29, Mr. Duke and the grade 12 Business and Commerce students toured the Kimberly-Clark Mill in Terrace Bay. This field trip proved to be very interesting and highly informative since none of the students had ever experienced a complete tour of the mill and accounting operations.

The class was met by Mr. A. Pattison and divided into two groups. Mrs. K. Weppler, head stenographer, demonstrated the teletype unit, the electric photocopier and the blueprint machines, various electric and manual typewriters were shown and the function of each explained. Mr. C. Dodge, paymaster, outlined payroll deductions procedure, payroll accounting and summarization on the NCR 300 unit. Mr. J. Heenan, cost accountant, explained accounting procedures for purchasing, invoicing and I.B.M. time card operation.

The students thoroughly enjoyed this tour and these gentlemen are to be congratulated for their genuine interest in the education of the Schreiber and Terrace Bay students.

The photo on column 2 of page 15 shows the girl's volleyball team during one of their games against the Terrace Bay team.
