Consequent to a recent article written in the United Church Observer and quoted on a Port Arthur Radio Station, CFPA, the following telegrams were sent by Rev. T. Garnett Husser and Mr. John Ferrier: "Dr. E.E. Long, General Secretary, United Church of Canada - We completely disagree with the negative innuendoes both in sub-title and contents of article on Terrace Bay in the November first issue of the Observer. We feel you have done a great disservice to this community. As two people who were widely quoted in the article we request you publish this telegram. Ralph Parker, Manager CFPA Radio Station, Port Arthur, Ontario - We completely disagree with the material put out over your broadcast on November third and fourth which was a further distortion of an already distorted article appearing in the United Church Observer of November first. As two people widely quoted in the original article we feel that you have done a great disservice to this community."

NEW BOOKS IN THE LIBRARY

A Pictorial History of Terrace Bay edited by North Shore Nurses Association. Where Eagles Dare - Alistair MacLean. The Deep Silence - Douglas Leeman. The Queen's Confession - Victoria Holt. The Tower of Babel - Morris L. West. The Torch Bearers - Bernard V. Dryer. A complete listing of films available from the National Film Board. Tar Children books by C.S. Lewis. Paradise Falls - An epic chronicle of America - as overwhelming and teamed with vitality as the nation itself. Written in the tradition of Raintree Country. This giant of a novel encompasses thirty-five years in the life of the small Ohio town of Paradise Falls, from the end of the Civil War to the tumultuous openings of the Twentieth Century. Topaz - Leon Uris - In the hands of a master story-teller the startling Topaz revelations become a spell-binding narrative that sweeps the reader from Spain to Algiers, from Copenhagen to a secret camp in the Maryland countryside, London, Havana, Casablanca from a dingy Manhattan hotel to the secret missile sights in Cuba. From the White House to the Elysee Palace we are taken behind the scenes of the international diplomatic maneuverings in a story that exposes the secrets behind the headlines of a decade.

The Terrace Bay Library wishes to express appreciation to the now disbanded Nurses Association for a fine effort put into the Album which they donated to the Library.
