

# SEASON'S GREETINGS

"During the year closing there has been much protest and the pulling down of accepted values throughout the country. The communications media, television, radio and press, seem to have fallen in line with this negative new approach.

Here in Terrace Bay I think the majority of us feel a closer tie with the older accepted values and the simpler means of communication, conveying faith and confidence in our fellow employees and citizens.

I think it is safe to say that this Town would not exist today had it not been built by people with a desire to create and build rather than to criticize and destroy.

With this in mind I would like to fall back on the tried and true words of the season and, for Kimberly-Clark, wish everyone a very Merry Christmas and a Happy and Prosperous New Year.

We congratulate the re-elected Reeve and the Township Council and all those who offered their services and participated in the recent election. We commend the people working in the Hospital, Schools, Churches, the Stores and other departments or agencies in the Town, for their year's work. We are most appreciative of the strong effort put forward by the Kimberly-Clark employees in their day-to-day contributions toward making this Company a going concern. To all these people and to our friends in Schreiber we say thank you and we feel sure that we are coming into a year that will offer much challenge and opportunity.

We hope that all the young people of the Town will enjoy the Christmas Party which we sponsor. There should be a warm greeting for Santa Claus, an enjoyable show and fun at the School dance.

Again, Season's Greetings to all; a Merry Christmas, a Happy New Year, Peace to men of good will - in just those simple terms - - - come to think of it, who has anything better to offer?

J.A. Ferrier,  
Mill Manager.
