

Congregational Meeting - cont'd from page 7

Rev. Husser, in his short address, thanked everyone for their kindness shown to him and his family over the past year. He thanked the Board of Stewards and the Committee of Elders for their support, and hoped that the new year would bring to fruition, all the plans and projects that they have set as their goal. He congratulated the Ladies Auxiliary for their fund raising abilities, as well as their charitable works they have performed.

The Church Choir, directed by Bert Lohr, with Mrs. Ellen Hodgkiss at the organ, also came in for high praise, because they have banded together again and add so much with their Ministry of Music.

Elected to the Board of Stewards for a three year term were Ed Kennedy and Peter Vanderkam. Re-elected to the Committee of Elders, for an interim time, until the proposed amalgamation of the two boards takes place, were Fred Gould and Bob Harris. Mr. Husser closed with a Prayer.

The meeting was adjourned and a delicious lunch was served by Mrs. Slomke and her committee.

S. KOLESAR HEADS CHAMBER OF COMMERCE IN TERRACE BAY

The annual meeting of the Terrace Bay Chamber of Commerce was held on January 18th. The event took the form of a Breakfast meeting held in the Voyageur Restaurant.

The new slate of officers for the coming year are:
President - S. Kolesar; Vice-President - Oswald Fink; Directors - R. Bray, J. Kelty, T. Scott, W. Scheuchenpflug, R. Sinotte, Mrs. I. Marsh, D. Desrosiers and T. Costa.

The Chamber has written a letter to the Editor of the United Church Observer as follows:

Dear Sir:

The directors of this organization recently held their first meeting since your publication printed the unfortunately slanted article on our community.

We are unable to establish the source of your correspondent's information and, for the record,

categorically deny that the Terrace Bay Chamber of Commerce has ever conducted a survey on any facet of our residents personal finances.

No present or past member of our organization has any knowledge of how such information might be assembled - if, in fact, we were so misguided in our thinking as to believe that such privileged information could serve any useful purpose!

We respectfully request that this letter be published in order to set the record straight.

THEY NEED YOUR SUPPORT!

This Friday at 4.15 p.m., the Schreiber High School girls play the Terrace High School girls' basketball team in the Terrace Bay Auditorium. The Schreiber boys play the Terrace boys' basketball team at 5.30 p.m. the same evening in Terrace Bay. Thus far the Terrace Bay girls team has not lost a game this year, and we understand they are playing some

very exciting basketball. This is one of a series of games and is the last game of the home series for Terrace Bay. However, if our teams make the play-offs, and we hope they do, then we will see further games in Terrace Bay. They have a lot going for them as far as ability and enthusiasm is concerned, but they seem to be lacking sadly in fan support. If you are interested in watching two exciting basketball games plan to attend this Friday starting at 4 p.m. There is no admission charge - pop will be for sale for those who require refreshments. Make it a family affair - bring your children, fill up the seats, and cheer your home teams.

LATEST REPORTS on the men injured in the train wreck west of Schreiber are that brakeman Fred Bevilacqua has been released from hospital. Much more seriously injured, Allen Nelson of Schreiber is still on the critical list.

We wandered into the tennis tournament the other day and sat down on the bench. "Whose game?" we asked. A shy young thing sitting next to us looked up hopefully. "I am," she replied.

ONTARIO HYDRO APPOINTMENT

KENNETH N. BODKIN

Kenneth N. Bodkin has been appointed manager of Ontario Hydro's Northwestern Region, it has been announced by the Commission. He succeeds J. W. Looney, who is retiring after 38 years' service. A graduate of Queen's University in electrical engineering, Mr. Bodkin began his Hydro career as a lineman in 1929, and has served as area manager at Lucan and assistant municipal engineer in Toronto. Since 1956, he has been consumer service and sales engineer in Northwestern Region.
