

WELCOME

To The World Of Music

Everyone enjoys music and many thanks go to musicians - both young and old. Comments of "Beautiful sound" - "Fine young pianist" - "A pleasure to see and hear" - "It must be great to be able to play like that" - are often heard.

We would like to congratulate the PARENTS behind the musician--the Parents who make it possible. FOR EVERY SUCCESSFUL MUSICIAN WAS ENCOURAGED BY HIS OR HER PARENTS.

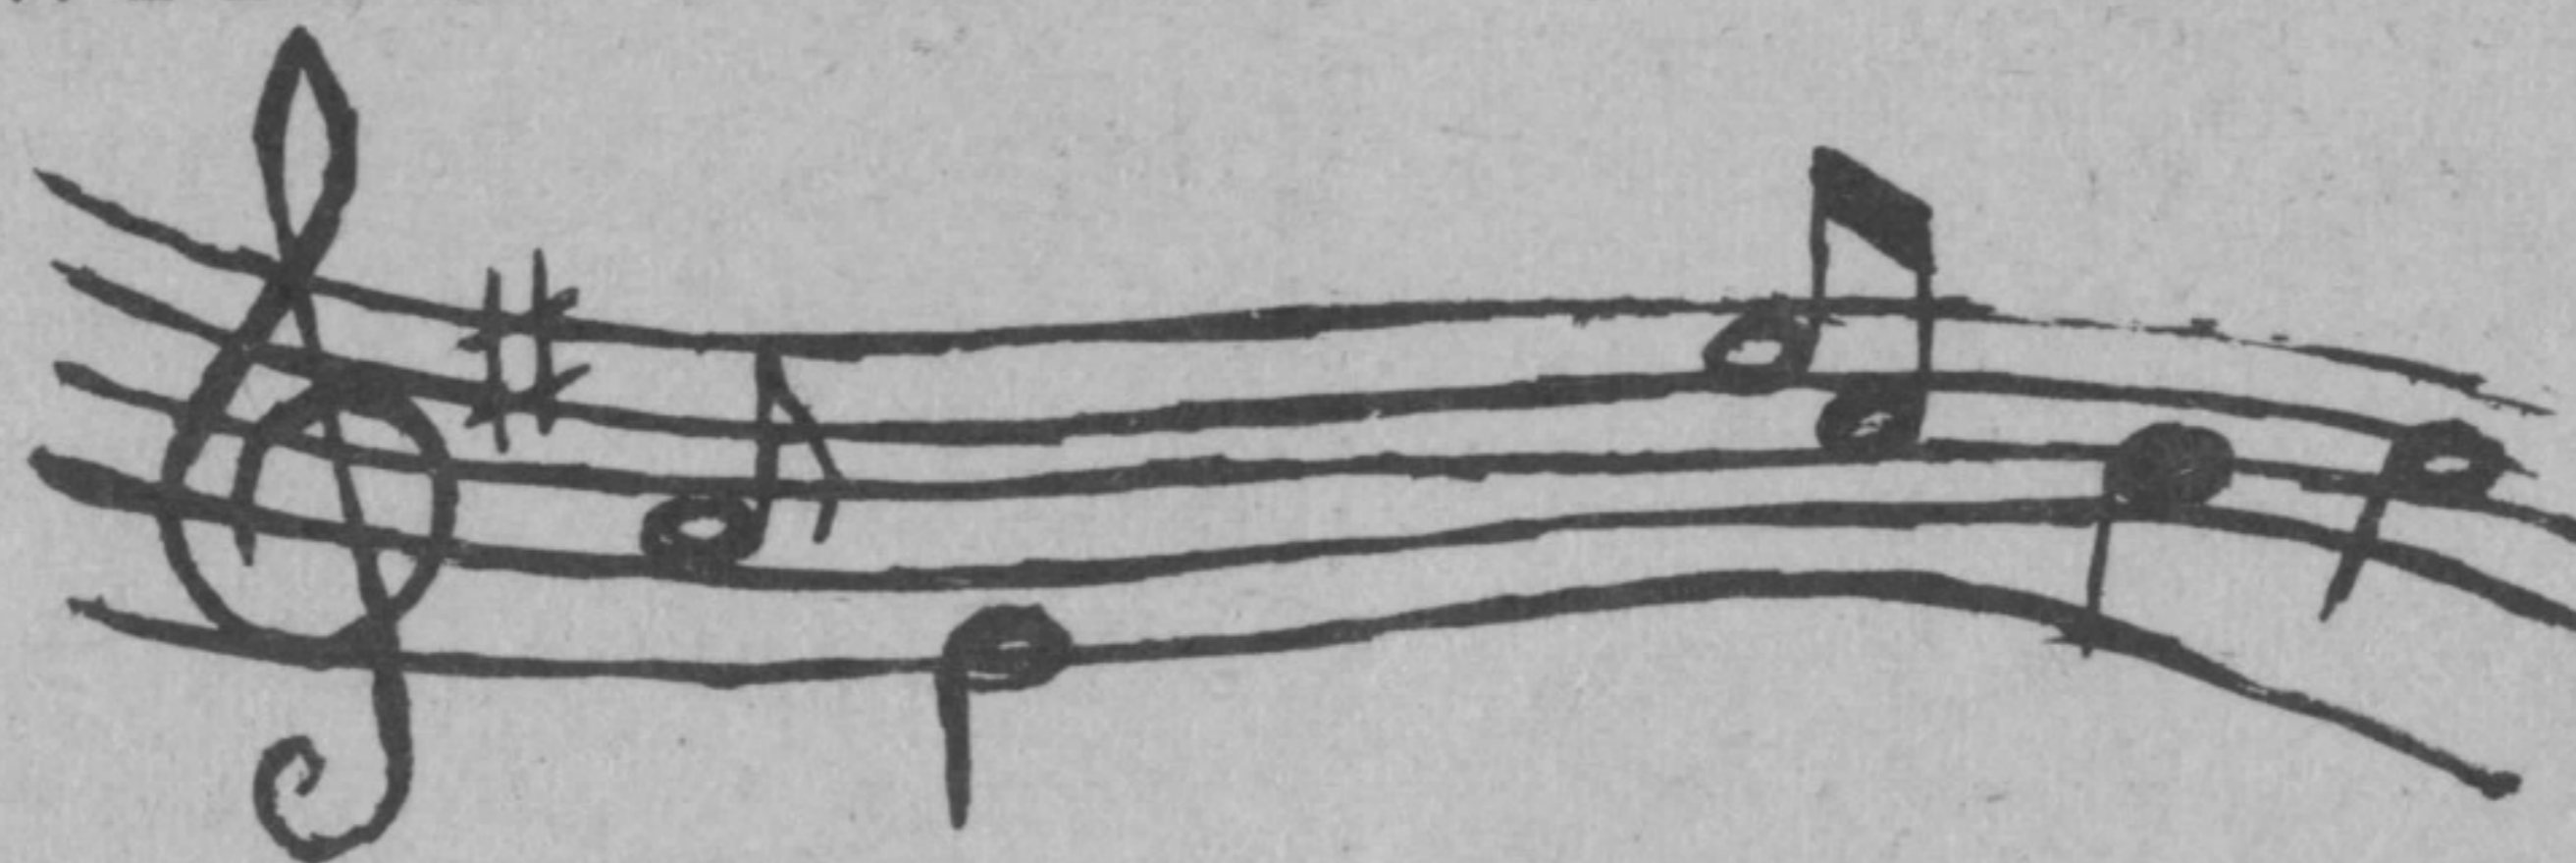

One parent, usually the Mother, sees the interest in music and it is generally the Father who makes the arrangements. i.e., -

1. Arranges music lessons.
2. Puts a good piano in the home.
3. Has the instrument properly serviced.

Many say the success of musicians from seven to seventy, consists of two percent inspiration and ninety-eight percent perspiration and children perspire when they are encouraged by their parents.

MORROW PIANOS helps parents in two ways: we supply fine pianos from \$27.00 per month (no down payment) - priced to \$3,995.00. And we give fine Piano Service from \$2.00, replacing a chipped ivory - to \$2,000.00 rebuilding a Grant Piano.

Give us a call today and ask about our showroom at your door.
AND WELCOME TO THE WORLD OF MUSIC!
