

Peter Whittall or "Mr. Fixit" as he is known to thousands of Ontario Television viewers, was in Terrace Bay last week. He is connected with the Leon Mangoff Program now and will spend the next few months travelling around North Western Ontario getting to know the people. Some of his interviews are recorded and will be heard later on a Leon Mangoff Program. While here Peter was accompanied by Ted Stamper of Leanington. The photo was taken outside the News Office.
