

DATA PROCESSING AND GUIDANCE FIELD TRIP

On Thursday, May 22nd, sixty-seven Schreiber High School students travelled to the Lakehead University and Confederation College.

At Confederation College a complete tour of the premises included the new ultra-modern Honeywell computer area. After lunching, at the College, the students went to Lakehead University where they were allowed full freedom to see and operate the closed-circuit T.V. machines in the T.V. Studio. They were then given a full demonstration of the I.B.M. computer.

Mr. Gouthro and Mrs. Mulligan accompanied the students on the trip. Many students felt the experience was a valuable one in that much had been learned in Data Processing classes up to that time which was largely theory, was now seen put into practice.

GOLF TOURNAMENT

A golf tournament was held May 24 at Terrace Bay with several area schools participating. In the overall scores Marathon came first, Schreiber second and Terrace Bay third.

Trent Desaulniers came first individually with a final score of 82. His prize was three golf balls. The "most honest golfer" prize was also won by a Schreiber player, Larry Power. His prize was one golf ball.

Congratulations to all participants and special thanks to Mr. Dukes who accompanied the school team to Terrace Bay.
