In photo below by M. Lundberg Mr. F. Soughton presented Proficiency Award to Brenda Chapman.

CUSO Volunteers - cont'd from front page ....

a graduate of the University of North Dakota. He will teach Physical Education and Biology in a teacher-training institute.

The Caribbean will be 'home' for the next two years for Sheila Hughes, 31, an elementary school teacher from Terrace Bay. She is the daughter of Mr. and Mrs. James Hughes of California.

CUSO aims not to reshape the world in our Western culture image but to try to help people help themselves if they request help in doing this. Interested and qualified persons who wish to know more about CUSO should contact the Lakehead University's Student Chairman, Brian McIver, Faculty continued next column ....

Terrace Bay Commencement - cont'd from page 9 ...

Ken Kennedy, Michael Kujbida, Tony Matush, Don McMillan, Kristine Olsen, Joseph Papineau, Sheryl Scott, Ellain Shynkaryk, Lynn Simmer, Garry Suo and Paul Theriault.

Surprised recipient of the Outstanding Student Award was Miss Susan Graham. In his remarks before making the presentation, Mr. Rowsome pointed out that the award is not made every year - is made to an honour student only - to a student who participates in student affairs, and who has co-operated with the teachers.

We have deliberately cut short our report on what the adult speakers at this graduation said and propose instead to quote Susan Graham's Validictorian Speech in its entirety.

" Mr. Chairman, honoured guests, teachers, graduates, ladies and gentlemen. My privilege as Valedictorian is to bid farewell to our highschool. It is not an easy task, as saying good-bye never really is, especially when we will never be back. Some of us are not really saddened by this fact but then some of us find it just a little difficult.

It is unpleasant to leave the memories and people that dwell in Terrace Bay High. cont'd page 15 .....
