CHLORINATION OF SWIM

POOL - For the information of those who are wondering about the chlorine content of our swimming pool, may we state that checks are made three times daily by our staff to ensure that the content is within the specified quantity as required by the Department of Health. Frequent checks are also made by the Kimberly-Clark laboratory staff, and spot checks have been made this summer by the Department of Health, who have reported that the content is within the boundaries as set by them. Some people may be affected adversely by chlorine in the water, especially if they have stayed in the pool for a long time, and we understand that in cases of reaction our doctor has recommended to sufferers that they stay out of the water for a short

**"By the time we have enough money for Baby Jane's braces, she'll be ready for dentures."**

You can straighten things out a lot faster if you come talk to us at Avco Finance.
