Mr. and Mrs. A. Minoletti of Port Arthur are visiting Mr. and Mrs. Peter Testori.

Mr. and Mrs. Peter King and Scott left Saturday for their home in Chapleau after holiday with the Eugene Gerow family.

Miss Maxine Hubelit returned home Monday after holidaying in Sudbury and Elliott Lake the past two weeks.

For the first time in more than 75 years the temperature has been in the 80s and 90s here, no black flies to make life miserable for the villagers as they enjoy their lawn chairs and eating at their patio tables. Others flock to the beaches and spend the day in the parks. The George

Wardrobe Park at RosSPORT Sand Bar Beach has been well patronized this summer by the villagers, Schreiber and tourists as it provides shade, eating and bathing areas. Hundreds of people have been in this particular park at one time.

Adolph King has left for Chapleau after spending the past month here camping and wandering about the islands and beaches. A man of the great outdoors and one who has spent years on Lake Superior, he is not at home away from its waters.

While walking on the island shores he found a paddle in fair shape that someone has lost, a piece of mahogany with a bracket on one end that could have been part of a seat or lid of a locker in some boat, also a mahogany rail with brass screws in it, all in fairly good condition. Mr. King stated that such findings made him wonder just where they drifted from and what boat they were part of and more important were lives lost or families broken up caused by some lake disaster.
