

District Schools - cont'd from page 1

gramme, oral French, remedial teaching and music and art will be introduced in the elementary schools

It was also decided that the annex to the Schreiber elementary school should be replaced by a modern addition to the school.

As evidence of the intentions of the Board, the Director was authorized to engage Mrs. L. Cormier to teach oral French in the Terrace Bay elementary school, and Mrs. M. Beacom to organize an opportunity class in the Manitouwadge elementary school.

The Board reaffirmed its intention to build three duplex dwellings as teacherages in Schreiber, and to procure further teacherages in Marathon.

After considerable discussion, it was decided to retain the former Heron Bay school bus for educational purposes.

The Chairman and Director were empowered to attend a meeting called by the Minister of Education in Toronto.

Several teachers were given permission to attend work-shops and conferences related to their subjects.

Plans were outlined to hold a one day conference in Marathon to discuss the Hall-Dennis Report on Educational trends, on October 8th. All teachers in the division will participate, and the staffs of the separate schools will be invited to take part.

A night school programme is being encouraged, and evening classes in various subjects will be offered in all high schools. Details and registration procedure will be advertised in the local papers.
