Savings Bonds Campaign - cont'd from page 1

The 1969 series of bonds will become available on October 6th and will be sold at par until Nov. 14

The bonds will provide an average yield of 8 per cent if held to maturity in 9 years. The annual rate of interest is 7 per cent for the first year; 8 per cent for the second and third years; and 8 1/4 per cent for each of the remaining six years.

Purchasers may also obtain twice their original investment if they refrain from cashing the bonds and the interest-bearing coupons until the maturity date in 1978.

During the 1968 campaign, more than 229,000 employees in plants and offices in Ontario purchased a record total of more than \$99 million worth of Canadian Savings Bonds.

GOLF CLUB NEWS

Well here we are approaching the end of another successful season. To finish the Golf Club will be holding a windup party in the Curling Lounge on Friday October 10th. There will be lunch, refreshments and entertainment. Tickets can be ob-

tained from any member of the club executive, or at the door.

Some vandalism has occurred on the course. A vehicle has spun on No. 2 fairway and ripped out some of the turf. It is unfortunate that some individuals find it necessary to destroy the things that the people of this area have worked so hard at to build.

A notice to Golfers - remember that divots removed at this time of year do not usually grow back. Please take care and help us keep the course in good shape.

OCCIDENTAL LIFE

Occidental Life Agent Mrs. Evelyn Gentile would like to talk to you "Bread Winner of the family" about "death insurance". If you haven't got it, it's what you need. "Death Insurance" is a special kind of insurance that provides the most protection for the least cost. The technical name for it is term insurance. We call it death insurance because that's what it really is. It pays off only if you die. It's there for only one purpose, to protect your family.

But isn't that the best reason for buying insurance in the first place?

Death insurance is cheap enough so you can afford to buy enough. Enough protection for your family to live on till the kids grow up, Occidental Life is the ninth largest in the industry, and we sell a lot of it. One of our best selling policies is the "Decreasing Term". You can buy lots of protection for the period of years that you need it.

For example - If you are age 25 amount of protection \$40,000 for 25 years will cost you \$8.03 a month.
