

POLAR EXPEDITION FILM TO BE SHOWN

The Schreiber Kook Kats, the local snow machine club, are holding their organization meeting, for this season, on October 8th at 7.30 p.m. in the United Church hall when election of officers will take place.

All members and prospective ones are urged to attend.

The film on the recent Polar Expedition will be shown. The year promises to be a banner one, with co-operation from the town recreation committee, and a recognition in the next Tourist Gazette. Plans will be made for a district meet, of some kind, in February.

With sixty-five snow machines in town the club was gratified last year to have a membership of fifty-eight. The rates are most reasonable, with both single and family prices. It is expected this year to have an influx of members from Terrace Bay.

The club crest, designed by Lorne O'Neil, local artist, is coveted because it is strictly representative of North Western Ontario, but it may only be bought by members.

One fish derby last winter, the lake back north for the site resembled a winter carnival, with so many attending.
