### ROSSPORT

#### WATER FEES TOPIC OF MEETING

An executive meeting of the Rosspport Water Association was held Wednesday evening with a full attendance. Albert Rouble was appointed chairman. A motion was passed that the chairman and secretary approach a water subscriber who thinks that he does not have to pay water fees because he put his own line in from the main line and considers himself a private owner. If such was the case all subscribers could claim the same as all have their own line connected up to the main water line.

A motion was passed that vacant houses would be exempt from water fees until said houses are occupied when full water fees will be charged.

The secretary was instructed to write to the Department of Lands and Forests regarding progress on the water easement. A motion was passed that proper account forms, rubber stamp etc. be purchased for the Associations' work and further discussion ensued on maintenance of the water line.
