HATS OFF TO SCHREIBER TEENAGERS

We have all heard and read about the bad things some of our teenagers do but today we are delighted to report on one of the kind deeds recently performed by some Schreiber teenagers.

A local restaurant which has long been a gathering place for some of our youth was condemned for its insightly premises by the Health Inspector and it looked as if the proprietor, who has little money and who is not well, might be put out of business.

Hearing of his predicament a group of High School Students headed by a young Miss Hamilton, undertook to thoroughly clean the premises. And a bang-up job they did, the place now sparkles!

I really don't have much of a singing voice. In fact the only thing it's good for is cooling soup.
