

BEAVER

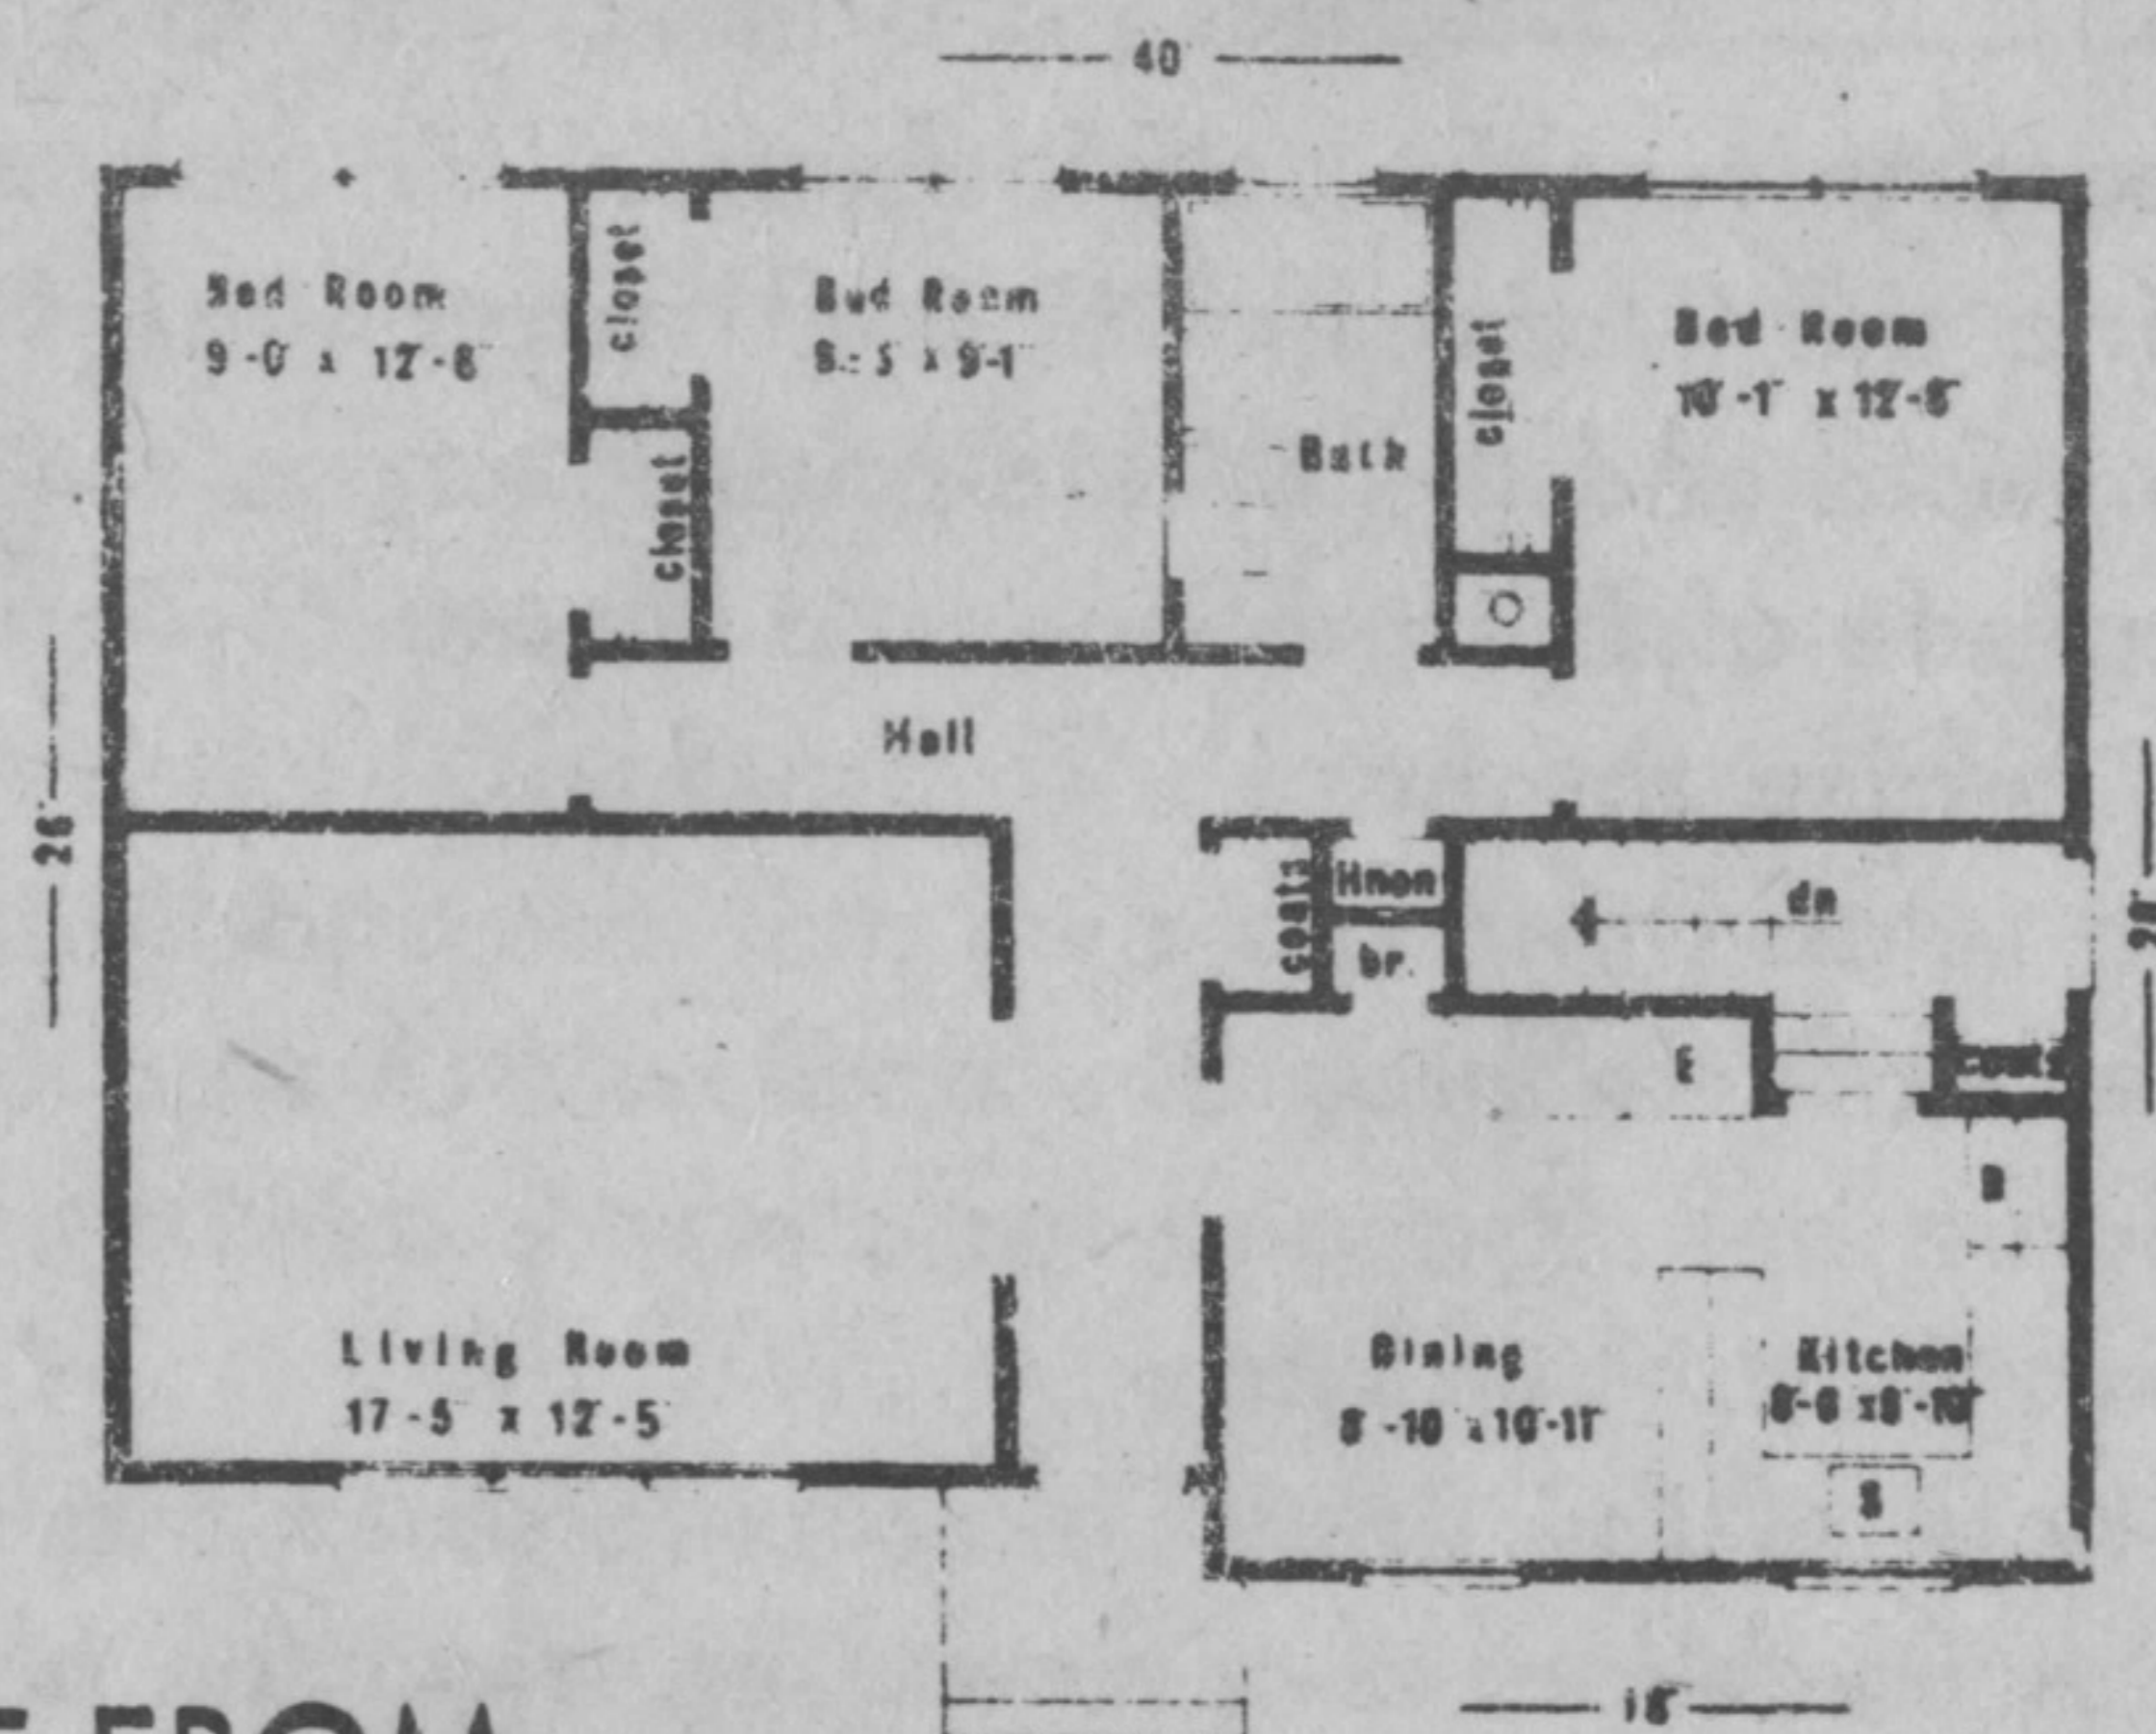

HOMES

Have you a growing family that has outgrown your present living space? Or, tired of paying rent? Or, is your present home in need of costly repairs? Beaver has the answer for you - a Beaver Home, designed by our expert home builders who know your children need plenty of room to grow up in, and, who know you want lasting design and beauty. Come on in and try our Beaver Homes for size. See your Beaver Manager for the many plans available to you. Whether you build your new home yourself or have it assembled for you, he'll provide you with complete specifications and help you from blueprint to finished product.

GLENCAIRN

Your choice of two roof lines in this example of delightful design and effective planning. The side entrance with dropped landing and handy coat closet helps prevent dirt from being tracked through the main living areas. Large kitchen-dining facilities provide ample space for family or guest dinners.

OVER 40 DIFFERENT PLANS TO CHOOSE FROM.
