**REEVE COMMENDED BY QUETICO DIRECTOR**

Town Council met in regular session last Tuesday evening and the first item of business was presented by Councillor Roy Bray who suggested that tenders be called for a maintenance man for Centennial Park.

Reeve Cavanaugh received a letter from Mr. C.M. McIntosh, Director of Quetico Centre, which was read to Council, commending the Reeve for his particular contribution to the recent conference on Government at the district level in Northwestern Ontario. Mr. McIntosh ended his letter by saying "Your participation in the seminar was rewarding to all of here at Quetico. Those are the times that give us the drive to continue our work."

Mr. A.L. Beebe, Chairman of the newly-formed Northwestern Development Committee sent a letter to all municipalities in Northwestern Ontario, advising that, in and from the deliberations at Quetico, the following consensus evolved:

1. Regional Government is not necessarily applicable to Northwestern Ontario.
2. A system of District Government, however, is indicated as being reasonable, progressive and, to some degree, necessary.
3. A realignment of Provincial-Municipal relations, both financial and administrative, is an urgent and absolute necessity.
4. The presentation of the decisions of the Region should be carried through the vehicle and voice of our existing organization, the Northwestern Ontario Municipal Association.

In keeping with the consensus, then, a committee of representative heads of municipalities was named to serve as the body within the N.W.O.M.A., to carry out the process of coagulating, rationalizing and determining the thinking of every municipal authority in Northwestern Ontario. (Continued P.4)
