We let them rise slowly

We twist them to-

Effluent Story

Cont'd from page 1
Terrace Bay-Schrei-
ber area.

I hope I have not left the impression that we consider ourselves to be the white haired boys of the industry with regard to pollution control, but so often it turns out that when people hear the true facts of the the case they say to us "Why didn't you tell us."

Mr. Ferrier was also interviewed on a television program on Thursday night, answering questions on pollution control put to him by Jack Masters of CKPR-TV.
