

Co-operation Needed - cont'd from page 12

Remember, the person who suffers is the taxpayer. Equally as important, the attractiveness of the facilities is diminished.

Let's start to take some pride in the facilities that are available to us and treat them properly.

How can we all help?

Whenever you see these "individuals" damaging or defacing public property - **REPORT THEM IMMEDIATELY** so that they 'bear' the price for such vandalism and suffer the consequences.

Let's use the facilities we have at our disposal **PROPERLY!!**

An advertisement which has appeared in the News regarding
the Sunway Distributing Company of Ottawa, was checked out
and the following information has just been received. The
Better Business Bureau has received numerous complaints from
people regarding the company, which has been in business
since March 13. We suggest that legal advice be obtained be-
fore commitments are made.
