

4. Recovery of swimming pool construction costs

It is our understanding that receipts from swimming pool donations and memberships are to be taken into the Township revenue fund until such time as the amounts expended by the Township in past years on construction and maintenance of the pool and change-house have been fully recovered. Subsequent receipts from these sources would be paid directly to the Recreation Committee to finance operating expenses. The unrecovered balance of the pool and change-house costs at December 31, 1969 was \$10,880, as follows:

Balance December 31, 1968	\$13,838
Memberships 1969	<u>2,958</u>
Balance December 31, 1969	<u>\$10,880</u>
